## Pipers Final Road Game To be With Colorado City

The Pied Pipers will travel to Colorado City Friday night to take on the Wolves for their last road game of the season. The Pipers will be trying to even up their district record at 2 and 2, with the Wolves will be seeking their first conference victory.

Hamlin came up with their first district win last week when they edged out the Has-

kell Indians, 13-7. Colorado City fell before the Stamford Bulldogs, 27-0.

While the Wolves have a season record of 7-1, the Piper-coaching staff expect a rough contest Friday night. Since the Wolves have only Hamlin and Ballinger on their schedule and if they are to come up with a district victory this year it will need to be this Friday.

According to the coaches who have scouted the Wolves they have been moving the ball real well but they make too many offensive mistakes to score—fumbles, penalties, and pass interceptions.

The Wolves, coached by Truman Nix, former Hamlin coach, operate from the Straight T and the Spread Formations. Their quarterback, David McKay, is a good passer and a dangerous runner. Their best running back is Donnie Lindsey, halfback. They like to pass to Lindsey and to end Mike Moore.

Their best lineman is guard

Lee Dearen. The Wolves have an exceptionally tough defense against a running attack, but have been weak on pass defense. As have the other teams who have played the Pipers this year, they are expected to work on that this week and will probably be better in that department.

Probable starting lineup for the Wolves will be McKay at quarterback, 155 pounds; Lindsey at halfback, 155 pounds; Roger Proctor at fullback, 160 pounds; Perry Millsap at halfback, 155 pounds; Moore, 150 pounds, and Rickey Houston, 165 pounds, at the ends; John Tiller, 190 pounds, and Marvin Iglehart, 185 pounds, at the tackles; Dearen, 165 pounds, and Mike Mund, 160 pounds, at the guards; and Topper Steakley, 155 pounds, at center.

The Pipers will be in about the same condition physically as they have been for the past week or two and expect no changes in their starting lineups.

## No Changes Planned in Any of The Vast Moore Interests Here

No changes in the operation or personnel of the business interests of the late Mr. Fred B. Moore Jr. will be made, according to his widow, Mrs. Moore.

The business will continue under the present managers and business expansions underway at the time of Mr. Moore's death, Oct. 21, will be completed.

Each phase of the varied business holdings has been under the responsibility of managers for many years. These men will

continue in their present capacities and there will be no change in personnel.

Robert Fowler is manager of Moore Elevator, grain elevator. Lonnie Kidd is manager of Pied Piper Mills, feed store and manufacturers of livestock feed, operating throughout West Texas.

Pied Piper Farms, a registered Hereford operation, is managed by Doyle Ponder.

Raymond Scifres is in charge of the custom farming division which originated this year.

Barry Moore, a sophomore at the University of Texas, and F. B. Moore Sr. will continue as advisors.

Mrs. Moore assures the public that the policy of the business will not be altered and customers will continue to be served with the same personal attention to their needs.

## Jaycees to Bring Skydiving Show Here November 8

A skydiving show is being planned for Sunday, Nov. 8, by the Hamlin Jaycees and the Sky Blazers Sport Parachute Club of Abilene at the Hamlin airport. The club uses the local airport for their jumping activities.

The show will begin at 2 p.m. and 12 to 15 jumps will be made throughout the afternoon. The jumpers will be wearing smoke to make themselves visible from the ground.

Plans are now underway to make improvements at the airport. The Jaycees voted to give \$50 to the clearing of the area.

There is no admission. The Jaycees will operate the concessions. Airplane rides will be available for a nominal fee.

## Rev. Jerry McDaniel Accepts Calvary Baptist Pastorate

Rev. Jerry Lynn McDaniel accepted the pastorate of Calvary Baptist Church Sunday. He and his family moved here Thursday and are making their home at 537 N. W. Ave. H.

Rev. and Mrs. McDaniel have a daughter, Shari, 5 months.

Rev. and Mrs. McDaniel are both graduates of Jacksonville Baptist College of Jacksonville. They have a daughter, Shari, five months old.

Rev. McDaniel plans to continue his studies at Hardin-Simmons University in Abilene taking courses one night each week.

E. J. Hawkins of Hamlin recently sold 1 registered Polled Hereford bull to O. T. Shell of Gorman.

## AT ELECTION TUESDAY—

## Voters to Decide Fate of 3 Amendments

Voters decide Nov. 3 on three changes in the state Constitution.

On the ballot, as "for" or "against" propositions, are what could be the 156th, 157th and 158th amendment to the 1876 Constitution.

None has stirred up much debate. In their order, the amendments would:

1. Remove the legislature's authority to transfer up to 1 per cent of the permanent school fund.

2. Require notice to the public and to the Texas Water Commission of intent to introduce legislation creating or substantially altering a conservation and reclamation district.

3. Authorize the legislature to enact a program, under the federal Kerr-Mills Act, of financial help for Texans 65 and older who are not on the old age assistance roll but who can't pay for medical services.

Since 1891 the legislature has had power to shift not more than 1 per cent a year of the permanent school fund into the available school fund for current state school aid expenses. It has used this authority 12 times.

The permanent school fund of \$535 million is invested in government bonds and some cor-

porate stocks and bonds. The interest and dividends goes into the available school fund. Increases in the investments' value and mineral income—such as oil and gas royalties from school lands—are not subject to automatic transfer to the available fund. They increase the permanent fund, which has been growing since 1948 at an average of \$26 million a year.

### Protect Schools

Advocates of the proposed amendment say it will prevent depletion of the permanent fund by removing legislators the temptation to dip in the fund to avoid new or higher taxes, which might be politically unpopular. They argue that mineral income is declining and the day may come when the fund will no longer be growing.

Opponents contend the legislature has used prudently and reluctantly its authority to draw on the permanent fund. They say the lawmakers should be allowed to retain the power for emergency use and such revenues as oil and gas royalties should be treated as income for the available school fund anyway.

The second amendment, obscure in its wording on the ballot, requires newspaper publication a legislator's intent to introduce a bill creating or sub-

## General Election Voting Tuesday

Hamlin citizens will join the rest of the nation in going to the polls Tuesday to decide who will be the next president of this country. They will also decide who will represent them from the courthouse to Congress.

Texas voters will also decide the fate of three constitutional amendments. If passed, the amendments would:

1. Remove the legislature's authority to transfer up to 1 per cent of the permanent school fund annually to the available school fund.

2. Require notice to the public and to the Texas Water Commission of intent to introduce

legislation creating or substantially altering a conservation reclamation district.

3. Authorize the legislature to enact a program, under the federal Kerr-Mills Act, of financial help for Texans 65 and older who are not on the old age as-

sistance rolls but who can't pay for medical services. (Editor's note: A separate story can be found on this page that explains the pros and cons of each of these.)

Besides the interest being generated in the Johnson-Humphrey vs. Goldwater-Miller race there is considerable interest over the state in the senate race. George Bush, a Republican, is challenging Democrat Ralph Yarborough in his bid for re-election.

The Republican party has a number of candidates this year seeking statewide and district races. Jack Crichton is the Republican candidate opposing Gov. John Connally, in seeking the top state office.

Both the east and west boxes will be open from 8 a.m. to 7 p.m. Miss Lennie Greenway is the judge for the west box at the high school gymnasium and Tom Routh is the judge for the east box at City Hall.

Jerry Crowley, commissioner of precinct 2, Fisher County, said this week that one of the voting boxes would be at the T & P Camp as usual.

## Cotton Ginning Nears 1,000 Bale Mark Here

Cotton being ginned at the two area gins is nearing the 1,000 mark as 980 bales had been processed by Tuesday. The cotton is coming in slowly but the managers of the Hamlin Farmers Co-op Gin and the Farmers Co-op Gin of Neida expect a big increase in the flow after a killing frost.

Watts Fletcher at the Hamlin gin said they expect approximately 3500 more bales this season.

W. S. Scott at the Neida gin said prospects of about 2,000 more bales are expected.

Most of the cotton is expected to be picked by machine after frost.

## Hamlin Girl Named Vice President of Baptist Students

ABILENE — Phyllis Scarborough, a McMurry student from Hamlin, was elected first vice president of the Baptist Student Union at McMurry.

Miss Scarborough, a 1964 graduate of Hamlin High School, is the daughter of Mr. John E. Scarborough of Route 1, Hamlin. While a student at Hamlin High School, Miss Scarborough was active in basketball and volleyball, was a member of the National Honor Society and the Spanish Club, and was a cheerleader.

Miss Scarborough, a freshman at McMurry, plans to major in Elementary Education.

Mr. and Mrs. S. T. Hoffman are moving to Abilene this week where he has been transferred with Continental Oil Company. The couple moved here last year from Sweetwater.

## Mac's Food Market to Hold Grand Opening

Mac's Food Market is having a grand opening celebration here this week end according to the manager, Paul Russell.

Many prizes will be given away during the formal opening. Free favors go to the children on Friday and Saturday and clowns will be on hand Saturday to add to the festivities. Cotton candy will also be free on Saturday.

No purchase is necessary to register for the free cash and merchandise prizes. Winners will be notified and do not have to be present to win.

Full details about the grand opening to be held Thursday, Friday and Saturday are listed in an advertisement in this issue. Double Frontier stamps will also be given.

## State Wins Suit Filed Under New Escheat Law

One of the first suits filed under the state's new escheat law in Jones County was decided in 104th District Court last week and judgement was rendered for the state.

The suit named as defendants Hodges Farmers Coop Gin, Stamford Production Credit Association, Stamford Rural Electric Cooperative, and Jones County.

Under terms of the escheat law, money that is abandoned or unclaimed for a period of seven years reverts to the state. Holders of the money are required to make every effort to find the true owners but if this fails, then the state files a friendly suit and the money is taken over.

Two of the defendants, Hodges Gin and Stamford PCA, had already surrendered their money, the Gin paying in \$248.90, and PCA \$28.75. Amount of money in the other two cases was \$438.89 from Jones County Clerk's office and \$145 from REA.

## JUNIOR HIGH FOOTBALL

The Hamlin eighth grade boys, the Mighty Mice, were defeated by the Albany Cubs Tuesday evening here, 22-0.

Tentative plans are for a seventh grade game Thursday at 4:30 p.m. with Albany.

The high school B team plays Anson here Thursday (tonight).

The eighth grade team will play their last game of the season here with Anson at 7 p.m. next Tuesday.

## Central Avenue Baptist Church Plans Revival

The fall revival of the Central Avenue Baptist Church will begin on November 8 and continue through the 15, according to the pastor, Rev. Bill Irwin.

Rev. Clyde Cook, pastor of the First Baptist Church of Aspermont, will be the evangelist and Rev. Lynn Garrett, music and education director of the First Baptist Church of Anson, will be the visiting song leader.

Rev. Cook is well known in Jones County, having pastored the Trinity Baptist Church of Stamford for several years. He has also pastored in California and New Mexico before coming to the church at Aspermont. He has done a tremendous work in every place he has served. He is at present the Moderator of the Stonewall-Kent Association of Baptist Churches.

Rev. Garrett has done a remarkable job in music and education at the Anson Church. He is also the music director of the Jones County Baptist Association of cooperating churches. He is an outstanding singer.

There will be morning services each day at 10:00 o'clock. Prayer service each evening at 7:30 and gospel preaching and singing at 8:00 o'clock.

Rev. Irwin invites and encourages all friends in the community to attend this series of special services.

## Cliff Drummond Elected to Group

AUSTIN — Cliff W. Drummond, University of Texas student from Hamlin, has been elected to Silver Spurs, men's honorary service organization. Drummond, a senior majoring in pharmacy is the son of Mr. and Mrs. G. W. Drummond, Route 1.

Ben Maberry, Hamlin, recently purchased an Aberdeen-Angus bull from Tarlton Willingham & Son, Rotan, Texas.

## Alton Womack Named to Head Agriculture Census in County

Alton Van Womack of Anson has been named a crew leader for the 1964 Census of Agriculture, Percy R. Millard, director of the regional office of the U. S. Bureau of the Census at Dallas, announced today. The new crew leader is one of about 1,825 persons throughout the U. S. to receive this appointment.

The new crew leader will supervise a team of census enumerators who will visit all farms and ranches in Jones County to collect official census questionnaires from farm operators. Enumeration of all farms in the county will take place in November and early December.

The census will be taken in the following way: Shortly after Nov. 5, the Bureau of the Census, an agency of the U. S. Department of Commerce, will mail census questionnaires to all rural boxholders. Those required to fill out the forms should do so and hold the questionnaires until a census enu-

merator comes to collect them. At that time, the enumerator will help answer any questions that may have proved troublesome.

The crew leader is a key person in conducting a Census of Agriculture. He recruits and trains the enumerators, schedules their work, reviews the accuracy of completed forms, and conducts difficult interviews.

The Census of Agriculture is taken every five years in years ending in "4" and "9" to gather information on the nation's agricultural resources and production. Such information is vital in making decisions affecting many segments of the U. S. economy. Data gathered include the number and size of farms, acreage and harvest of crops, livestock inventories, and information on farm equipment and improvements and income and some production expenditures.

The information will be published in 1965 for counties, States, and the nation.

Guests in the home of Mr. and Mrs. J. D. Adams during the weekend were Leona Bain of Houston, Harry Lawson of Del Rio, Anna Adams, their daughter, and Lanny Foster, all students in Ranger Junior College and Candace Thompson, a student at Hardin-Simmons, Abilene. Mr. and Mrs. J. L. McWright, Mr. and Mrs. Harvey McWright and Kim, all of Lubbock, Mr. and Mrs. M. W. McNeely and children of Anson, visited with the Adams Sunday.

Mrs. S. G. Carruth of Port Arthur, Mrs. R. G. Stephenson and son, Jamie, from Tucuman, N. Mex., Mrs. Jim Hawthorn and son, Brion, of Houston, were visitors in the home of Mr. and Mrs. Virgil Steele and Mrs. Etta Stephenson.

Mrs. E. B. Watson has returned from visiting brothers and sisters in El Paso, Amarillo, Yuma, Ariz., Eloy, Ariz., and San Diego, Calif.

## Neinda Philosopher Wants to Know What Happened To the Fired Editors Over in Russia After Change

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route 1 this week discusses a sidelight of the situation in Russia.

Dear editor:

When it comes to knowing what has taken place in Russia, I don't know any more about it than Washington, London, Paris or Mr. Khrushchev did, but there is an aspect to it that has got me to thinking.

As I understand it, Mr. Khrushchev got fired, and I have no feelings about that. He got the job in the first place by getting somebody else fired.

But there was a side effect that interests me. Right after Mr. Khrushchev was fired, according to the account I read in a copy of a newspaper the

next day, the editors of the two main Russian newspapers, Pravda and Izvestia, were fired too.

Can you imagine a situation where, if the Jones County government got turned out of office, you would be too?

What would happen to this country if, every time we elect-

ed a new president, all the editors got fired. I can see the people around here the day after an election scratching their heads and saying, "Well, I see we got a new administration in Washington. Wonder who's gonna be the next editor of The Herald?"

And also, while I know what they do with ousted dictators in Russia, what I'd like to know is what do they do with ousted editors? This makes for very interesting speculation, but not around here, naturally.

Personally, I have no suggestions along this line, but I have a notion that on November 4, regardless of who was elected on November 3, you'll still be on the job. Under our system, firing is confined to college football coaches.

Yours faithfully,  
J. A.

## VA Boys Building Several Items for School System

The F.F.A. boys in V. A. III have been working in the wood and metal shop. Under the direction of Mr. T. C. Blankenship, they are making such things as a film cabinet for football films, speaker's stands for class rooms, and cattle feeders. The chapter hopes to sell the items to acquire funds.

The V. A. I boys are studying parliamentary procedure and the history of the F.F.A. in preparation for the Junior Chapter Conducting contest and the F.F.A. Quiz.

The V. A. II groups are studying parliamentary procedure. This is to prepare for the Senior Chapter Conducting Contest. The Stamford District contests will be held here at Hamlin on Nov. 12.

The Hamlin Chapter will hold its monthly meeting Monday night, Nov. 2. A main order of business will be to initiate the members who qualify for the degree of Chapter Farmer. The qualifications include having been enrolled in vocational agriculture one year, being familiar with the provisions of the constitution of the local chapter, having on deposit or productively invested at least \$50.

The Chapter Program of work is nearing completion and will be filled with the Area II F.F.A. Association by Nov. 1.

## Edgar Gabriel Taking Part in Test

MOFFETT FIELD, CALIF. Edgar A. Gabriel, personnelman seaman apprentice, USN, son of Mr. and Mrs. Troy V. Gabriel of 426 Southwest First Hamlin, is serving with Air Transport Squadron Seven from Moffett Field, Calif., which will represent Naval Air Transport Wing.

Pacific in aircraft proficiency tests Nov. 8-15 at Hunter Air Force Base, Ga. The squadron will vie for cargo personnel airdrop honors against seven Air Force crews and representatives from the Naval Air Transport Wing, Atlantic.

The Navy team from Squadron Seven fly the Lockheed "Hercules", which carries 92 fully equipped combat troops.

HALLOWEEN NOTE—

## It's Fun to Be Scared

Man's fascination with the supernatural is an emotional balancing act between fear and fun. The hearty laugh of those who sneer at ghost stories frequently has an embarrassing resemblance to a nervous giggle.

There's an irresistible appeal about the shadowy world of the occult that has attracted poets, playwrights and authors for centuries. And, throughout the history of mankind, this appeal has spelled success in the entertainment business — from William Shakespeare, with the ghost of Hamlet's father to Rod Sterling and his probes of the "Twilight Zone."

Current manifestations of the allure of the weird are three new television programs. Two of the shows caricature eerie families in haunted houses; the third features a contemporary witch in the guise of a normal housewife.

All three are intended to produce laughs but the basic ingredients of the gags are found deep in man's tribal lore — centuries before television was even a bad dream. And, presumably,

bly, there was nothing funny about the superstitious beliefs of those early times.

For instance, Compton's Pictured Encyclopedia relates that the ancient Druids believed spirits of the dead roamed abroad on Halloween and they lighted bonfires to drive them away.

They also thought that cats had once been human beings but were changed as a punishment of evil deeds. This curious notion found its way into 20th century melodrama with the broadcast of Arch Oboler's hair-rising radio play, "The Cat, Wife" which starred Boris Karloff.

A more neighborly explanation of the old European custom of blazing bonfires on Halloween is found in Sir James Frazer's classic book on primitive customs, "The Golden Bough." He points out that the souls of the departed were supposed to revisit their old homes in order to warm themselves by the fire and bask in the good cheer provided by their affectionate kinfolk.

The Irish say that jack-o'-lanterns originated with a man named Jack who was doomed to walk the earth with his lantern until Judgement Day because he was unable to enter either heaven or hell.

Even after November 1 because a Christian feast day, honoring all saints, the peasants clung to the old pagan beliefs and customs. According to Compton's, the holy day traces back to 610 A. D. when Emperor Phocas gave the Roman Pantheon to Pope Boniface IV as a church.

But when the Druids were calling the shots, they combined their fear of ghosts with fin and rejoicing. A three-day celebration centered around Halloween. The festivities included roasting of nuts and apples as symbols of the harvest.

Today, the trappings of ancient rituals are still with us on Halloween — grotesque masks, witches, black cats, white ghosts. But the glamour of mystery and awe that clung to the annual observance has long since been dissipated. There are very few practitioners of black magic in today's enlightened space age. Superstitious fear of the unknown has been uprooted by technological advances.

Only squares dig all that spook nonsense.

Of course, even the most sophisticated take a dim view of walking by a cemetery at night. And, sometimes when you're alone late at night you can hear some awful strange noises and see mighty peculiar shapes in your own house.

And when this happens, you can always turn on the television, watch an old Dracula film and remind yourself that it's fun to be scared.

A tendency for warts to dry up and disappear has given rise to many superstitious beliefs that warts can be charmed away by magical spells or practices. The belief that warts are caused by handling frogs and toads has no basis in fact, according to Compton's Pictured Encyclopedia.

## What They Wore...by PHYLLIS JOYCE

SIGHTSEEING AT THE PAN AMERICAN EXPOSITION IN BUFFALO AT THE TURN OF THE CENTURY LEFT SOMETHING TO BE DESIRED FOR WOMEN. BECAUSE THE SMALL WAIST WAS IN DEMAND THE VISITOR OF THE FAIRER SEX WAS BOUND IN A TIGHTLY LACED BODICE.

## Postmaster Urges That Public Shop and Mail Early This Year

The Christmas "rush" brings a very old quote to mind: "Neither snow nor rain, nor heat, nor gloom of night stays these couriers from the swift completion of their appointed rounds." This was said by the Greek historian, Herodotus, in the Fifth Century B. C. but it still is true of the postal service.

However, Postmaster Perry Sparks recently added a thought. "While it is true that bad weather doesn't stop the mails, it certainly can slow them down."

He mentioned that planes can't get off the ground, switches on railroad tracks can freeze up. Trucks must move more slowly and cautiously over icy highways. And, in many places, mailmen might wish for the warmth of an igloo. Even the impish Mr. ZIP can't assure next-day delivery under these conditions.

"Why, you may ask, 'does the postmaster bring this up?'"

"Simply to let people know that there is a factor that we just can't control, the weather," Postmaster Sparks said. "It is important that people mailing Christmas cards and gifts make every effort to shop early and mail early to assure on-time delivery. This is especially true during the Christmas rush when an ever increasing avalanche of mail moves through the postal system."

The Post Office Department has several new tools to use in this year's mail service. The most important is the new ZIP CODE and transportation-distribution system that came into being with the Zoning Improvement Plan (ZIP). Postmaster Sparks is urging everyone to use the five digit numbers because in most cases the code

cuts down the number of times a piece of mail must be handled. This saves time, labor, and money.

He suggests that even if you don't know the code for the addresses of the people to whom you'll be sending cards and gifts, you should use the code on YOUR return address. And you should record the codes from the return addresses of those who are writing to you.

Moving the Christmas mail is a hard tiring job and the twelve local postal employees who work so diligently this period deserve all the cooperation they can get.

The postmaster said that shopping early, mailing early and using ZIP Codes will really put ZIP into your Christmas mailing... and give your mailman a hand too.

## Smiling Blue Birds Meet in City Park

The Smiling Blue Birds met October 20 at the park with their leader, Mrs. Bill Early, and assistant leaders, Mrs. C. H. Tugwell and Mrs. David Casey. Blue Birds present were Rita Casey, Donna Early, Linda Harrison, Debbie Hix, Kimi Mehaffey, Vickie Ponder, Jacqueline Preiss, Rebecca Server, Kathy Smith, Debra St. Clair, Denise Tugwell, Lisa Walker, and Sonja Williams.

After refreshments at the park the group hiked back to the Hut. Refreshments were furnished by Mrs. J. E. Harrison.

Mr. and Mrs. Robert Charles Joplin of Roby are the parents of a girl, Donna Lynn, born Oct. 21 at 10:01 a.m. She weighed 6 lbs. 13 oz.

## Friendship HD Club Hears Program on Christmas Ideas

A program on Christmas ideas was presented at the Friendship Home Demonstration Club meeting Friday at the Oil Mill Guest House. Each member showed something she had made which would make appropriate Christmas gifts.

Mrs. Elmer Joiner gave a report on the Home Demonstration State Convention which she attended in Houston.

Some members brought waste paper baskets which were given to Holiday Lodge, home for senior citizens.

Mrs. E. G. Young, hostess, served refreshments to ten members.

Guests of Mrs. Camille Simmons last weekend were Mrs. James Saul, her aunt, and Mrs. Minnie Fitzgerald, both of Miami, Texas.

## Mr. and Mrs. E. W. Frost Will Celebrate 50th Anniversary Sun.

Mr. and Mrs. E. W. Frost of Hamlin will be celebrating their 50th Wedding Anniversary Sunday, Nov. 1, when members of the immediate family will be present.

A reception honoring the couple will be held from 2 to 5 p.m. All friends are cordially invited.

The couple were married Nov. 1, 1914, in Montague County in the Pleasant Ridge Community. Mrs. Frost is the former Stella Neece of Bowie. She was born there Sept. 7, 1898.

Mr. Frost was born Aug. 19, 1893, in Bell County.

Mr. and Mrs. Frost moved from Bowie to Rotan Oct. 2, 1932. He was a farmer until he started to work for the Katy

Railroad, in 1944. The family moved to Hamlin Oct. 2, 1946. He was retired in 1959.

The children are Mrs. R. D. Holder of Yuba City, Calif., Mrs. C. A. Seaton Jr., 102 Chestnut, Snyder, Mrs. W. D. Rankin, 1217 South Bowie, Abilene; Jack Frost, Weslaco; Dale Frost of Hamlin and John Frost of the home. They have 15 grandchildren and six great-grandchildren.

## P-TA Officers Take Parliamentary Course Here

A parliamentary course was held in the primary coterminum, Oct. 20, for officers of the Hamlin Elementary Parent-Teachers Association. Mrs. S. L. Canterbury Jr. of Kilgore was the instructor. Mrs. M. F. Garland, district president, from Rotan, was also present.

Attending were Mrs. Jack Vaughan, local president, Mrs. Bill Early, Mrs. Earl Brown, Mrs. L. L. Skaggs, Mrs. Joe E. Ford and Mrs. John M. Hudson.

The course was on facts about the P-TA and how to hold the meetings using proper parliamentary procedure.

## First Baptist GA's Open Activities With Supper Here

The Intermediate Girl's Auxiliary of the First Baptist Church began their year's activities with a covered-dish supper Monday evening, Oct. 19, in the Fellowship Hall.

Entertainment was a solo "He", by Martha Robertson and skits by Mr. and Mrs. Bill Keck and Mrs. Robert Cary Jr.

A short devotional by Mrs. Cary closed the meeting.

Members present were Margaret Cooper, Jayne Turner, Nancy Brown, Alice Lovell, Sandra Payne, Cheryl Walton, Patricia Elkins, Connie Kim, Jane Hymer, Patti Murphree, Martha Robertson, Beth Craig, Marilyn Fudge, Dianna Crowley, Sharon Townley and Jerry Elliott. Also Mrs. Cary, GA director, Mrs. Harold Johnson and Mrs. Ewell Mackey, GA leaders.

Guests included the pastor, Rev. Byron Bryant, and Mrs. Bryant, Mr. Keck, minister of

music and education, and Mrs. Keck.

The girls meet every Monday at 4 p.m. at the church.

## Jones County HD Council Members Report Year's Work

Members of the Jones County Home Demonstration gave their annual reports at the October meeting in the office of Mary Y. Newberry, Jones County Agent. The reports of the year's work were turned in to Mrs. Newberry.

Mrs. Elmer Joiner, chairman, presided. Nine clubs were represented with 20 members and six visitors present.

Mrs. Newberry announced a leader training meeting on "Christmas Candles and Cookies" in her office Wednesday, Nov. 4, at 9:30 a.m.

The annual Christmas luncheon was set for Dec. 3 at the Lions Club Building in Anson.

Mr. and Mrs. Odus Akins and two children from Fort Worth visited Mr. and Mrs. Fred Carpenter Sunday.

## HD Agent, Mary Newberry Takes Look at Tricot Bonded Fabrics

By Mary Y. Newberry  
Home Demonstration Agent  
Jones County

The "pros" and "cons" of tricot bonded or lock-lined fabrics are of concern to consumers, says Mary Y. Newberry, Jones County Home Demonstration Agent.

"No linings and easier construction" are echoes of manufacturers of this fabric. Yet consumers want to know if it will serve the purpose for which they purchase it.

Some important facts are gleaned from research and observation of fabrics on the local market. The greatest majority of these fabrics are wool flannel or mohair, cotton, and nylon looped knit bonded with acetate tricot. Other implications from research are:

With bonded fabrics, because of the chemicals in the bonding, some stains cannot be removed.

The acetate tricot has much poorer strength and abrasion resistance qualities than the wool, and will probably wear out much quicker than the wool flannel.

A regular woven fabric, as a lining, is used to eliminate this give and prevent sagging. The tricot, being a knit, will give and allow the wool to stretch.

Acetate is a heat-sensitive fiber and cannot be pressed at the steam setting on the iron, which is used for wool.

The backing does give more body to sheer fabrics and would be quite good on those such as knit mohair to prevent sagging.

Acetate has poor colorfastness and it should be observed whether change of color in this backing will affect the outward

appearance of the garment. The wool will hold its color well.

Acetate could not be washed without damage, therefore, it would be a poor choice to select it bonded to a washable fabric. The bonded fabrics are easy

to handle and would be especially good for an experienced person.

There is a problem of bulkiness at corners and where seams are joined over seams. Ordinarily, an underlining could be cut out at the corners, but this is not possible with this fabric.

Difficulty arises in getting a flat seam, crisp edge, and pointed corners, so the design of the garment should not call for this. The same situation exists with stretch.

## TAKE A SLICE OF HAM...

There is no end to the good things you can prepare with ham steaks. Now, any Southerner knows how well the smoky flavor of ham goes with the sweet smoothness of yams. Here's a dish that combines the two.

Thin slices of tasty pasteurized process cheese spread are arranged on top of ham steaks. Then the cheese is topped with a savory mixture of yams, saltine cracker crumbs, onion, and herbs. The whole dish is baked to warm the ham, melt the cheese, and brown the yam topping. Mmmmm...happy eating!!!

### SOUTHERN HAM STEAKS

- 1 cup PREMIUM Saltine Crackers crumbs (about 25 crackers)
- 2 teaspoon tarragon leaves
- 1 (3 1/2 ounce) can yams, drained and cut into small pieces
- 1 tablespoon finely chopped onion
- 1 cup butter or margarine
- 2 pound Velveeta Pasteurized Process Cheese Spread, thinly sliced
- 2 ham steaks, cut 3/4 inch thick (about 12 ounces each)

Combine first 4 ingredients. Sauté onion in butter or margarine until tender. Add to dry ingredients. Mix lightly. Arrange cheese slices over ham steaks. Top with sweet potato mixture. Place in a baking dish. Bake in a preheated moderate oven (350° F.) 25 to 30 minutes. Serve with a green salad. Makes 4 servings.

za, Jan Young.

SIXTH GRADE — Charlie Sellers, Mike Lewis, Deborah LaFerna, Jerry Brown, Connie Connors, Cheryl Gibson, Mark Madden, Gary McMillan, David Mullings.

It is not true that bats carry common lice or bedbugs, according to Compton's Pictured Encyclopedia. Bat parasites are peculiar to bats and will not attack man. It is also untrue that bats willingly entangle themselves in women's hair.

### Kemp Circle Meets With Mrs. Hoffman

The Kemp Circle of the W. S. C. S., First Methodist Church, met with Mrs. S. T. Hoffman Tuesday.

Mrs. Brad Rowland Sr. gave the program on "Prayer and Self Denial."

Eleven members were present.

Call your news to the Herald

## FAIRVIEW NEWS

By MRS. ELMER JOINER

The weather follows the same pattern week after week in the fall and winter, beautiful weather all week, then a change on the week end. Some light showers fell Sunday, in this vicinity, growing much heavier to the west, over around Snyder having relieved a big rain. We are much in need of rain in our community, for the wheat already up, and for that is to be sown.

It seems that the church attending crowd fell off Sunday, for various reasons, being guilty myself of going visiting, couldn't say for the others.

We are sorry to report that Mrs. Henry's brother-in-law, that has been ill in the Abilene Hospital, is very ill at this time. Mrs. Henry spent Friday over there. He lives at Aspermont.

Penny Ford is in the Hospital in Hamlin.

Mrs. Fred Rosenbaum has really been having trouble with her asthma, recently. This is the time of year that all allergies try to act up and have a last fling, before frost comes and kills all vegetation giving allergy sufferers relief.

Keenan Wright had croup Saturday night, so he had to stay home Sunday. He has it quite a bit, even though it is an old fashioned thing.

Visitors in church Sunday night were, Mr. and Mrs. Bo Newland and son, Milburn, coming with Mr. and Mrs. Bill Newland.

Mrs. Mary Sue Henry, Rule, visited with her brother and sister-in-law, Mr. and Mrs. E. A. Henry, Saturday.

Sonny Joiner, San Antonio, spent Saturday night with the Elmer Joiners, enroute to Lubbock, to spend a few days, then will go on to California to visit a brother, and other relatives and friends.

Mr. and Mrs. Elmer Joiner went to Lubbock Sunday, to be with his brother, Sonny, and all visit in the home of their sister, Mr. and Mrs. Henry Kee.

Another old landmark is disappearing, out this way. The

Mrs. Johnie Agnew visited Mrs. Lois Hampton, Saturday, in the Crestview Nursing home, in Abilene. Mrs. Hampton seems to be about the same, as far as can be told. So many people are concerned about her condition, and since she is a native of our community, we try to report on her as often as we can.

Family night was held Wednesday night, in the new fellowship hall of the church, with a Halloween party. Most folks might snicker at our "fellowship hall", since it is so small,

but for us it serves the purpose, and we are proud of it. The old saying that poor people have poor ways, applies to our little group, and we do the best we can, trying to carry on and keep our church, which was organized in 1888, alive.

### Student Teaching

Clyde Hodnett, son of Mr. and Mrs. A. B. Hodnett, is teaching industrial arts at Den-High School as a student teacher during the fall semester. A 1961 graduate of Hamlin High School, he is a member of the Industrial Arts Club.

## VOTE FOR THE TEXAN WHO LEADS THE FREE WORLD!

For the past eleven months, for the first time in our history, a native son has led our nation and the free world. And every Texan can take pride that President Johnson has met the awesome burdens of the office with courage, wisdom and restraint.

### THE ISSUE TUESDAY IS SIMPLE: WHO CAN BEST LEAD OUR NATION IN A TIME OF CHALLENGE AND PERIL?

To which man do you feel most comfortable entrusting the security and well being of yourself and your children for the next four years—

A man who wants to turn back the clock of achievement... a man who has worked consistently against progressive measures in the Senate... a man virtually untested in a time of crisis?

Or a man who has dedicated his entire life to public service... who has demonstrated, under five administrations, progressive leadership in working for a better way of life for all Americans. A man who has proved his courage under fire... has demonstrated his unwavering strength to meet any aggressor with firmness, yet restraint?

### PRESIDENT JOHNSON HAS PROVIDED RESPONSIBLE LEADERSHIP FOR MORE THAN A QUARTER OF A CENTURY

For almost three decades, President Johnson has been a pillar of strength for Texas and the nation. As Congressman, as Senator, as Majority Leader, as Vice President, and now as Chief Executive, he has written a proud record of progress.

### ONLY TEXAN PRESIDENT LYNDON JOHNSON OFFERS THE EXPERIENCE, THE PATIENCE, THE WISDOM, AND THE STABILITY NEEDED BY THE NATION AND THE FREE WORLD IN THESE CRITICAL TIMES!

### ★LET'S KEEP A COOL HEAD IN THE WHITE HOUSE★

## THE TEXAN - LBJ

## Band Sweetheart Nominees Named; to Be Crowned Nov. 6

By Nancy Ford  
Carolyn Reynolds  
Marolyn Reynolds

Words and arguments are ringing as debates take place in high school civics class. Bulletin boards, posters, and signs are being made to build up spirit for the presidential, gubernatorial, and senatorial races. When the preliminaries are over a debate for the presidential race will be given for the entire student body. This will be wild!

—hhs—

Nancy Ford, Glenda Hudspeth, and Marolyn Reynolds attended the District Student Council meeting at Mann Junior High in Abilene, Saturday. The qualities of good leadership were given in a speech by Mr. Paul Faulkner. After the speech the girls attended discussions of school spirit, scholastic attitudes, reckless driving, reducing vandalism of public and private property, preventing school e-

lections from becoming popular contests, and the Student Council's place in promoting school spirit.

—hhs—

Again the anticipation is great as the band sweetheart nominees have been announced. They are Mary Lois Patterson, Carolyn Reynolds, Marolyn Reynolds and Mary Margaret Turner. These four girls are all active senior band members and members of the stage band. Patterson is drum major, Miss Marolyn Reynolds is secretary of the band, Miss Carolyn Reynolds and Miss Turner are both drill team captains. One of them will be crowned Band Sweetheart of 1965 in the half-time show of the Winters' football game, but which one?

—hhs—

Yes, Hamlin's football season record is now 5-2. In a very decisive battle with the Haskell Indians Friday night, our boys came out on top. Yes, the coaches and the boys did a good job, but may we take this space to thank our fans—your yelling and backing was great. These factors combined can do many things and again they will be needed, Friday night. One can never know whether we are meeting Wolves or or wolves in sheep's clothing. We want a victory! We must have a victory!

—hhs—

Busy thinking, and promoting — this is what the Student Council is doing. Friday it is sponsoring color day at which time every student is asked to wear white or green. Then, oh my, the halls will be noisy because the 25th student who says "Beat C-City" to one of the two unidentified students will receive \$1. Ear drums and nerves will be shattered.

Mr. and Mrs. Young Bill Maddox of Hamlin are the parents of a baby girl born Oct. 25 at 3:46 p.m. She was named Tana Beth, and weighed 7 lbs. 14 oz. Grandparents are Mr. and Mrs. Bill Maddox of Hamlin and Mrs. Jean Weaver of Stamford and Mr. Jack Weaver of Levelland.

Major Carolyn Greenway of Hamlin was presented her second commendation ribbon for outstanding service to the Air Force recently in Europe.

### TEN YEARS AGO:

Fund drive for the Camp Fire Girls in the Hamlin community has netted \$650.00, according to Carl Murrell, drive chairman. Hamlin Volunteer Fire Department members won first and second places last Thursday in contests of the Midwest Texas Fireman's Association convention held at Cisco.

### FIFTEEN YEARS AGO:

Hamlin Chamber of Commerce is playing a "hands off" game in charges made by transient laborers that they had been discriminated by local merchants.

By Oct. 21, 1949, a total of 3,160 bales of cotton had been ginned by Hamlin gins this season.

### TWENTY-FIVE YEARS AGO:

An adequate water supply now seems about to be realized—that is following a good rain that will fill the 35-acre lake near Neinda recently completed by the City of Hamlin.

### FORTY YEARS AGO:

Merkel Badgers downed the Pied Pipers 33-6.

Mr. and Mrs. O. R. Criswell and son, Richard, are spending the month with his parents, Mr. and Mrs. J. S. Criswell of Hamlin.

A. J. Daniels and family have moved to town to have their children near school.

Linda Neskorik made 19 points and Bruce Browning 17 for Girard.

Mr. and Mrs. Jack Powers of Clyde announced the birth of a daughter, Julie Terisina, born Oct. 13, in the Hamlin Hospital. The young lady has numerous relatives and friends in the Old Glory community. Her mother is the former Shirley Dippel.

Mr. and Mrs. Billie Wendeborn of Old Glory are the proud parents of a son, Ronald Edward, born Oct. 18 in the Stamford Hospital. The Wendeborns have a daughter, Kathy, who is a first grader in Old Glory School.

Mrs. T. E. Beil hosted a Stanley party in her home Tuesday afternoon. Twenty-one ladies were present. Mrs. Morris Garner was the demonstrator.

Several ladies in the community met in the home of Mrs. W. G. Wienke on Wednesday afternoon of last week for a quilting bee. Refreshments were served.

Mrs. Cecil Klump recently attended the District VII English Teachers Workshop in Wichita Falls. The theme of the workshop was "Strengthening the Effectiveness of English Teachers".

For the past two weeks, several classes in the Old Glory School have been involved in taking tests recommended by the Texas Testing Program. Mrs. Klump administered the tests.

As a fund-raising project, members of the Old Glory Junior Class are taking orders for sweatshirts. The long-sleeved shirts are white with Old Glory Pirates printed in red. The price is \$3.99 plus tax.

The sweatshirts may be ordered from any Junior or their sponsor, Mr. Jerry Johnson.

The many friends of C. L. Offill were shocked to learn of his death last Saturday. He has been in the Stamford Hospital receiving treatment for a heart ailment for a week. He will be missed in the community. Our sincere sympathy to his family.

## Funeral Service Conducted Here Friday for Fred B. Moore Jr.

Funeral services were held here Friday for Fred B. Moore Jr., 44, in the First Baptist Church at 2 p.m. Mr. Moore, a prominent businessman and civic leader, died at his home, 43 N. W. Ave. A, at 2 p.m. Wednesday, Oct. 21.

Services were conducted by Rev. Byron Bryant, pastor, and Rev. Lenard Hartley, pastor of the Sherwood Baptist Church of Odessa and former pastor of the local church. Burial was in Hamlin East Cemetery.

Mr. Moore was owner and operator of Moore Elevator, Pied Piper Mills and Pied Piper Farms. He was president of the Board of Trustees, Hamlin Public Schools; past president of the Hamlin Board of Community Development, a past director of the Texas Hereford Association, past director of Texas Grain and Feed Dealers Association, and this year serving as vice president of the National Anxiety 4th Hereford Association.

The son of Mr. and Mrs. F. B. Moore Sr., he was born here Nov. 17, 1919. He graduated from Hamlin High School in 1937 and attended New Mexico Military Institute, Roswell, New Mex. When a senior in Baylor University, he entered the armed services, serving three and one-half years with the Air Transport Command. He was stationed in Montana and in Canada.

He was married to the former Bernice Bogden in Great Falls, Montana, Feb. 16, 1944. A member of the First Baptist Church, he was active in the program of the church and served as chairman of the building committee for the new church building completed in 1962.

Survivors include his wife, his parents, and four children. Fred Barry, a sophomore at the University of Texas, Austin; Robert, a sophomore in Hamlin High School; and twins, Christopher David, and Anna Patrice, first grade students.

Pallbearers were John Montgomery of Jayton, Lonnie Kidd, Guy Weaver, E. J. Whaley, J. C. Turner, C. F. Cook, Cliff

Reynolds Jr. and George Poe. Robert Fowler was with the family.

Out-of-town relatives attending the services include Mr. and Mrs. Vern Covington, Mrs. Sam Zewel, all of Kingman, Kans., Mrs. Richard Harris of Kansas City, Kans., Mrs. Charles Carver of Hillsboro, Mr. and Mrs. Louie Hardy of Plainview, Mrs. Carl Lamb of Cisco, Mr. and Mrs. Louie Mac Hardy of Houston, Mr. and Mrs. Will Calhoun of Rotan, Mr. and Mrs. Sam Calhoun Mr. and Mrs. Billy Calhoun of Abilene, Mrs. Tolbert Mayfield of Cleburne, and Mrs. Bud Hughes of Roby.

### METER CONNECTIONS

Bruce Evans, 250 S. W. 4th. William C. Flippo, 138 W. Lake Dr.

Al Sibert, 115 N. W. Ave. D. John Corley, 812 S. E. Ave. B.

One statement that sounds like an old wives' tale is actually a scientific fact. According to Compton's Pictured Encyclopedia you really can tell the temperature by listening to the chirp of the cricket. Both field and tree crickets vary the speed of the chirps with the temperature. One can estimate the temperature by counting the number of chirps per minute, dividing by 4, and adding 40.

## First Methodist Church Suing Contractor Over Lightning Rods

The board of trustees of the First Methodist Church of Hamlin have filed suit in 104th District Court at Anson against the builder of the educational unit of the church, alleging the contract has not been carried out. Damages totaling \$3,175 are being sought.

Named defendants are M. C. Alston of Sweetwater, doing business under the name Alston Construction Co., and Standard Accident Insurance Company, who issued the performance bond.

The suit sets out that contract provided for installation of lightning rods and detailed the manner in which they were to be installed. The contract was signed June 1, 1961 and work was completed in May of 1962.

Shortly after completion, the plaintiff sought to get insurance credit from the State Board of Insurance for having the lightning rods but despite repeated requests defendant refused to supply necessary information. At one point, the petition sets out, the defendant denied contract called for lightning rods.

The plaintiff further claims

that several items needed correction and that the building committee notified contractor of these items but no action was taken. Trustees of the church claim the damage is \$150.

Failure to get certified by the State Board of Insurance to receive the insurance credit costs the church \$60.50 a year in added premium, it is claimed. The petition sets out that the life of the building is 50 years which makes the added insurance cost \$3,025 for the full period.

Andrews and Andrews of Stamford are attorneys for the plaintiffs.

Mr. and Mrs. James Clayton Perry of Swenson are the parents of a boy, born Oct. 22 at 8:32 p.m. He weighed 8 lbs. 1 oz. His name is James.

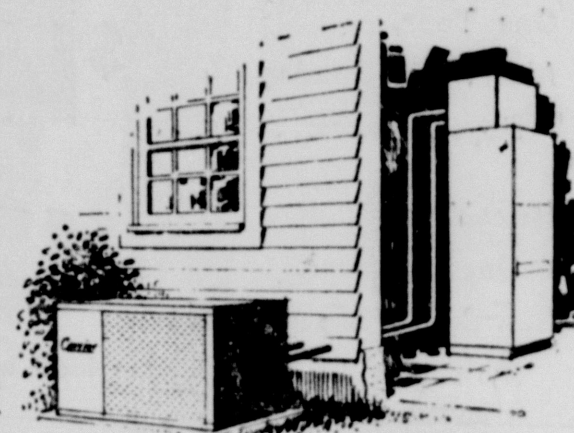

Mr. and Mrs. Sylvester Ramon Jr. of Rotan are the parents of a son, born Oct. 26 at 9:36 a.m. His name is Rolando and he weighed 5 lbs.

Mr. and Mrs. Jim Spaulding of Hamlin are the parents of a girl born Oct. 26 at 3 p.m. She weighed 6 lbs. 10 oz. and is named Elizabeth Janell.

## Air Condition Your Home Now...

Right now, during our "off season" we can, quite frankly, afford to figure your job with an especially fine pencil. We need low profit work to keep our valuable trained crews together. So this is an especially good time for you to call us for an estimate.

As a further incentive we can pass along to you a wonderful bargain made available to us by Carrier—a fine Carrier food freezer that normally sells for \$149.50, free with every residential air conditioning system ordered now.

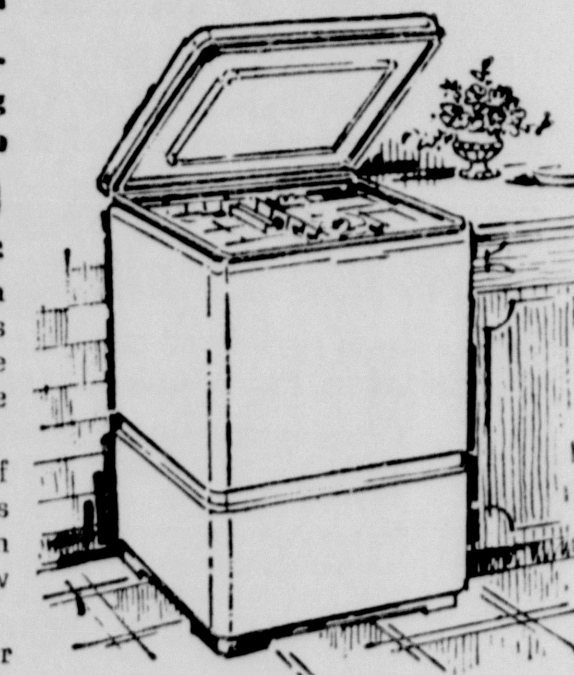

## Fabulous Off Season Bonus

### FREE FOOD FREEZER

A compact, 4.5 cubic foot Carrier countertop freezer can bring you kitchen convenience to go with your kitchen comfort.

### How can we make such an offer:

1. Off-season business which keeps our installation crews busy is especially valuable to us. We're willing to make special concessions.
2. The Frostmaster Division of Carrier makes these freezers by the thousands. We can buy them at a special low price in carload lots.
3. Carrier and our distributor are sharing in the cost of the freezer because they like off-season business, too.

No money down • Easy terms  
The best Carrier equipment  
Experienced installation

## '65 Comet completes 16,200-mile durability run from Cape Horn to Fairbanks, Alaska, in 40 days

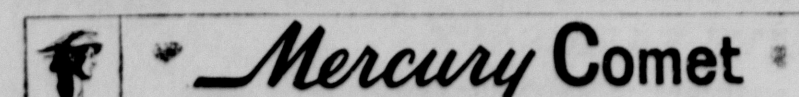

Shades of Daytona! Comet is famous for durability. Last year, specially equipped Comets ran 100,000 miles at Daytona in 40 days.

Regular production-model Comets used, just like showroom Comets. Want to see the car that made it from Cape Horn to Fairbanks? Visit your Mercury dealer's. Check a 1965 Comet Caliente, with smooth Multi-Drive Merc-O-Matic. The only difference: the run cars had an extra gas tank, because service stations are frequently so far apart in South America.

Comets are ready for immediate delivery. No waiting, if you order yours now.

world's durability champion

## CONNALLY FORD SALES

152 S. CENTRAL

HAMLIN, TEXAS

PHONE SP 4-1621

A PRODUCT OF Ford MOTOR COMPANY • LINCOLN-MERCURY DIVISION

I am deeply grateful for  
your continued  
confidence and support.  
I hope that I may have  
your vote for re-election  
on November 3rd  
to continue  
the important progress  
that we are making  
together.

RE-ELECT GOVERNOR JOHN

FOR A GREATER TEXAS!

Livellier Comet proves once again why it's the World's Durability Champion. Uses show-room models in day-and-night grind from the bottom to the top of the world.

FAIRBANKS, Oct. 22 — Three Mercury Comets today finished a run no car has ever attempted in so short a time—the rugged 16,200-mile grind from Cape Horn to Fairbanks.

En route, day and night, the cars had no major repairs, just routine maintenance. That's ample proof that 1965 Comets are powerful and tough, not just lively and beautiful.

Bottom to top, 16,200 miles.

In South America, Spring was near. Thaws flooded the roads.

Passing abandoned gold refinery at Antofagasta, northern Chile.

Good city roads were relief for drivers after rugged stretches.

# STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

AUSTIN, Tex. — This is the final week of the voter round-up.

Tuesday, some 3,000,000 voters will reveal what they think about the candidates who have been wooing them with promises, charges, warnings and counter-charges.

Central attention naturally has gone to the presidential race in which Texan Lyndon B. Johnson has been fending off attacks from Arizona Sen. Barry Goldwater.

But the U. S. Senate race in which Republican George Bush of Houston is trying to oust Sen. Ralph Yarborough has gained much attention.

The two presidential candidates have made strong endorsements in the Senate race. Johnson has urged Yarborough's election and Goldwater has urged Texans to support Bush.

**SALT WATER**

Trial is scheduled to begin on November 2 in a lawsuit brought by Superior Oil Co. to determine whether the Railroad Commission or the Water Pollution Control Board has jurisdiction over the disposal of salt water produced with oil and gas.

But the lawyer for both state agencies, Atty. Gen. Waggoner Carr, has stepped out of the case. Carr said there appears to be a "conflict of interest" between the two state agencies, so he advised them to use their own staff lawyers if they want to be represented in the trial.

Attorney General's Department will take part in the trial only to see that all evidence is fully developed.

In an informal opinion, First Asst. Atty. Gen. Hawthorne Phillips wrote that the Water Pollution Control Board does not have the authority to require oil operators to get permits for use of open salt-water disposal pits.

A special study committee of the House of Representatives will meet on October 30 to decide whether to recommend legislation. Bills giving control of pits to the Board, the Commission, and to both, will be proposed to the committee.

**RETAIL SALES**

September retail sales were less than one per cent below

those of August, when normal, seasonal variation is considered. So reports the UT Bureau of Business Research.

But the dramatic increase was the one of 14 per cent in dollar sales volume over September, 1963, and a 32 per cent increase in auto sales. For the year, sales are up 6 per cent over the same portion of 1963, showing that the upward trend in business conditions is continuing steady.

**COURT SPEAKS**

Effect of a U. S. Supreme Court decision concerning admissibility of confessions as evidence was debated before the Court of Criminal Appeals in San Antonio and Houston cases.

Bexar County Dist. Atty. James E. Barlow said the high court's finding may have upset all guidelines of Texas courts on proper methods of introducing confessions. Supreme Court said persons other than the convicting jury should make a finding of facts as to whether a confession is voluntary or not and whether it is admissible.

State Supreme Court upheld rulings favoring the City of Temple in a suit brought by a former fire alarm operator who charged he was fired without sufficient reason or due notice.

53rd District Judge Herman Jones is due to make a decision on the City of Big Spring's suit against the Board for State Hospitals and Special Schools. In 1937, when the city was competing for the state hospital now located in Big Spring, it contracted to furnish water for the hospital at 10 cents per 1,000 gallons.

A few years ago, the city decided the arrangement was untenable since it costs 32 cents per 1,000 gallons to provide the water that earns 10 cents per 1,000 gallons. But State attorney generals have ruled that the Board cannot re-negotiate on the "perpetual contract."

State Supreme Court refused to review a blind widow's appeal to take over her late husband's vending stand in Dallas. Texas Commission for Blind assigned the stand to another.

State Supreme Court also rejected annexation by city of Irving of land in two Dallas County levee improvement districts and left in effect a ruling by the Court of Civil Appeals that Bexar County commissioners were not obligated to call an election on proposals of a county home rule charter drafting body.

**ATTORNEY GENERAL'S OPINIONS**

A county hospital district formed under a new law has the same responsibility for care of indigents as is imposed on commissioners courts, Attorney General Carr told Ochiltree County Atty. G. R. Close.

In other new opinions, Carr informed Dist. Atty. Charles Allen of Marshall that petitions for a local option liquor election did not meet requirements because of discrepancy in wording.

He also held that the State Board of Hairdressers and Cosmetologists cannot require financial statements as a prerequisite for a license.

**CORPUS CHRISTI FIRST**

Corpus Christi became the first metropolitan area in the nation to complete a comprehensive transportation plan in compliance with the Federal Aid Highway Act of 1962.

Study was conducted by Texas Highway Department in cooperation with the City of Corpus Christi, Nueces County, and the Bureau of Public Roads. It pinpoints present and foreseeable traffic problems in the area and provides a basis for development of highway routes, city streets and county roads serving the Gulf coast city over the next 20 years. Nineteen sim-

ilar plans are due to be developed in 22 Texas urban areas over 50,000 population this year.

**COKE COUNTY DAM HEARING PUT OFF**

Hearing was postponed until December 14 by the Texas Water Commission on the application of the Colorado River Municipal Water District (Big Spring) to relocate a dam in Coke County and increase reservoir capacity to 488,760 acre feet.

Lower Colorado River Authority, fighting the application, requested the delay.

**CROPS PROGRESS**

Clear, open weather helped move along the harvest in the cotton farming region of the blacklands of Texas, the U. S. Department of Agriculture reports.

USDA says clear weather aided farmers to push sorghum combining and the planting of small grain. Lack of top-soil moisture slowed growth of grass and some grains, but ranges and pastures remain in good condition over most of Texas.

**WORKMEN'S COMP RATES UP**

After a public hearing, workmen's compensation rates probably will go up an average of 2.3 per cent, effective December 1, says the State Board of Insurance.

Indicated changes by groups are: manufacturing, up 4.4 per cent; contracting, up 3.8; oil, down 0.9; all other, up 1.4.

**WATER STORAGE INCREASES**

Texas Water Commission reports that the month of September brought better than normal rainfall in most areas. Construction storage in major reservoirs increased 2,300,000 acre feet, to 8,500,000 acre feet. Storage at the end of September was 71 per cent of potential capacity.

Seventeen of the 18 stations over Texas reported above average rain. Weather Bureau station at Brownsville was the lone exception. There, near normal fall was recorded.

**SHELL DISPUTE**

Parks and Wildlife Commission has not decided yet whether to call a public hearing on the application of a Corpus Christi construction firm to dredge oyster shell from Copano Bay.

**MENTAL HEALTH**

A mental health plan, drafted by 110-member committee appointed by Gov. John Connally is of vital importance to every Texan. So says Committee Chairman Judge C. L. Abernathy of Plainview.

Reason is that every person — Texan or not — has, at one time or another, been a "troubled person." Committee defines "troubled" as anything from a transient inability to make a necessary decision to a severe psychosis.

One segment of the committee is called the "Service to Troubled People" task force. It has written recommendations for state and community services to troubled people. All recommendations by all committees will be in the spotlight as suggested legislation during the 1965 Legislature.

Committee reports that there is an endless supply of services to meet some fragment of the needs of the troubled. These include pastoral counselors, medical doctors, social workers, and psychologists. Some community information centers must be set up so troubled people can find out where to go for the help they need WHEN they need it.

**WELLS IN CREEK BED**

W. F. Company, Limited, a Monahans oil and gas firm, gained permission from the Texas Water Commission to divert 800 acre feet of water each year from Beals Creek by

## Calvin Dickerson Attends Meeting

Calvin Dickerson, 112 South Central, was numbered among Compton's Picture Encyclopedia, the poisonous bite of the A-and oil company marketers at-merican tarantula is fatal only tending the 1964 Mobil Dealer Convention in Las Vegas, Oct. 21-22.

The 8th annual conclave of the petroleum retailers and representatives from 34 states. Similar conventions were held in New York and Indiana.

Baxter F. Ball, vice president of marketing for Mobil Oil Company and Mobil dealer James Ballard of Fullerton, California, made keynote speeches.

The tarantula looks ferocious, but actually it is secretive and retiring, hunting by night and hiding by day. According to Compton's Picture Encyclopedia, the poisonous bite of the A-and oil company marketers at-merican tarantula is fatal only tending the 1964 Mobil Dealer Convention in Las Vegas, Oct. 21-22.

The 8th annual conclave of the petroleum retailers and representatives from 34 states. Similar conventions were held in New York and Indiana.

When the house is closed up... and the kitchen's soot free

Flameless Electric Cooking is all it could be

During the winter months when the house is closed up, a flameless electric range is almost a necessity. Only an electric range can prevent the ugly, oily film on windows, walls, cabinets...everything in the kitchen and adjacent rooms, because there's no combustion. Since heat is delivered directly by metal-to-metal contact with the bottom of the utensils, you don't have to clean soot from pots and pans. There's no doubt about it...electric cooking is clean, accurate, fast, and by putting the heat into the food, not into the air...you don't have to pay for dissipated heat.

Visit an electric appliance dealer soon and bring home an electric range so you, too, can have a bright and shiny kitchen.

Free WIRING — An extra for WTU customers. If you are a customer of WTU and purchase your flameless electric range from a local appliance dealer, WTU will install the wiring at no charge to you.

for FRIGIDAIRE Electric Appliances visit WTU

# Pipers Come From Behind in Last Moments to Edge Haskell, 13-7

The Pipers came from behind Friday night to hand the Haskell Indians their third conference defeat, 13-7. The Pipers stayed in scoring territory all evening but could not seem to get the ball across the double stripes for the go-ahead score until the waning moments of the game. The defense comple-

ly dominated the Indian offense with the exception of one pass play that almost spelled victory for the Indians. The Pipers scored both of their scores on their winning combination of Halfback Robert Pearce to End Mike Shivers. Ironically enough, it was this same type of pass play by Has-

kell that almost spelled doom for the Pipers as they scored in the last seconds of the first half to take the lead in the game. The Pipers moved into scoring position seven times during the game but could only score on two of these, both in the second half. The Pipers owned the

ball inside the Indian 20 yard line three times in the first half but failed to score on each of them. They gave up the ball on downs once and fumbled twice. Two big breaks set up both

of the Piper touchdowns as Haskell fumbled a punt to set up the first score and then handled a blocked field goal and walked away from it to let the pipers cover it on the Indi-

an 21. Pearce was the top ground gainer for the night with 31 carries for a net of 83 yards. His net would have been higher except that he lost 27 yards in two plays trying to pass. Fullback Johnny Overman carried 7 times for 27 yards and fullback Rupert Compton carri-

ed 5 for 19. Top carrier for Haskell was fullback James Ivy with 12 carries for 39 yards. In the passing department Pearce passed 9 times, completed 4 for 94 yards. Quarterback Tommy Ferguson completed 3 of 9 for 39 yards and Overman hit 1 of 1 for 11 yards. James Ledbetter took the op-

ening kick off and returned it 20 yards to his 36 from where Hamlin opened its first unsuccessful scoring drive. With the exception of a 28 yard pass from Pearce to Ferguson, the Pipers stayed on the ground to move the ball down to the Indian 18. At this point the Pi-

## HASKELL-

Continued from page one

per's drive fizzled out as Pearce was set back one, Ferguson back three, and facing third down and needing 11, Pearce was able to get only two yards. On fourth down Ferguson's pass fell incomplete and the Indians took over.

The Indians moved out to their own 49 before they were forced to punt with Hamlin taking over on their 18. Hamlin made their way to midfield, but drew a 15 yard penalty and Pearce was thrown for a 14 yard loss trying to pass. Compton punted from his 21 with Haskell putting the ball in play on Hamlin's 46.

The Pipers started moving again with Pearce eating up yardage on the ground and Ferguson passing to Shivers for 14 the Pipers owned a first down on the Indian 14. But misfortune struck again as Overman was jarred loose from the ball and the Indians took over on their own seven yard line.

After three downs the Indians punted again with the Pipers putting the ball in play on the Indian 41. Pearce passed to Ferguson for 13 and then carried twice for 10 for a first down at the 18. Misfortune again struck as Pearce fumbled with Haskell recovering on their 15.

The Piper defense held the Indians again and they punted from their own 13 with the Pipers taking over on their 45. Ferguson's pass was intercepted by Ivy and returned to the Hamlin 29. On first down half-back Gary Conner threw to end Gail Crouch who was standing alone in the end zone to put the Indians out in front with only seconds left in the half. Guard Bill Perry kicked what looked for a time to be the all important extra point to give the Indians a 7-0 lead.

The Indians put the ball in play on their own 33 following the second half kick off and picked up a first down at the 44 before punting from the 49 four plays later.

The Pipers moved from their 15 out to the 30 before Compton got off a 38 yard punt that Bobby Watson fumbled when

he tried to field it with the Pipers recovering on the Indian 43. Pearce carried 16 yards for a first down on the 27 from where Ferguson tried a pass and then Pearce hit Shivers in the end zone for the score. Pearce's point after try failed and the Piper's trailed 7-6.

A 15 yard penalty killed the next Piper drive and they punted from their own 38 and recovered the ball on the Indian 35 as Watson fumbled again when he tried to field the punt. But this time the Pipers had three incomplete passes and a fourth down loss of 13 yards trying to pass.

Haskell failed to make a first down and punted with Hamlin taking over on their 22. Aided by a 37 yard pass interference penalty the Pipers moved down to the Indian 17, but again the Indian's stopped them as two plays netted no yards and Pearce tried a field goal that would have been an 18 yarder had it been good.

Taking over on the 20 the Indians could not move the ball and tried to punt from their 25 only to have the ball go over the punter's head and the Pipers took over on the four yard line.

But three plays later the Pipers were back on the six and Pearce tried another field goal. This time the Indians blocked it and then started to run with the ball but changed their mind and the Pipers covered it to take possession on the 21. Pearce was held for no gain, Ferguson's pass was incomplete, and Hamlin drew a five yard penalty. Pearce's pass was incomplete, and then on fourth down he connected with Shivers in the end zone for the winning touch down. Pearce kicked the point after and Hamlin went ahead 13-7.

Sometimes the desire to run out the door and chuck it all is overpowering when we are confronted with the mess of an after-dinner table!

Sometimes, insight lets us see that our lives are quite a mess too. In fact, things seem such a jumble, that our reaction to this truth, if acknowledged, is, "What's the use?"

Well, of course, the only thing to do with the dishes is to take them to the sink, put them in hot water, and wash them with a good cleansing agent until they shine.

Less obvious, perhaps, is what to do with a messed-up life. We invite you to seek an answer in church this week. You are sure to find there the Power who will help you with your problems, a power who cares immeasurably for your soul.

"Casting all your care upon him, for he careth for you." I Peter 5:7

"And the crooked shall be made straight, and the rough places plain." Isaiah 40:4b.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

### ADVERTISEMENT FOR BIDS ON J. M. STUBBS FARM LAND

SEALED WRITTEN BIDS addressed to J. C. Turner, Independent Executor, Box 215, Hamlin, Texas, will be accepted for the purchase of the following described property in Jones County, Texas, commonly known as the J. M. Stubbs Farm and described as follows:

TRACT NO. ONE: 110.2 out of Section No. 153, BBB&C Ry. Co. land in Jones County, Texas, as described in deed from L. E. Littleton, et ux to J. M. Stubbs dated April 20th, 1938 and recorded in volume 221 on page 600 of the Deed Records of Jones County, Texas. No improvements located upon this tract.

TRACT NO. TWO: 163.8 acres out of Section No. 156, BBB&C Ry. Co. land in Jones County, Texas, as described in deed from L. T. Malone, et ux to J. M. Stubbs dated December 9th, 1924 recorded in volume 131 on page 54 of the Deed Records of Jones County, Texas. Dwelling and Barns located upon this tract.

Bids will be accepted on either Tract One or Tract Two, above, as a single purchase unit or jointly upon both Tract One and Tract Two, above. The Stubbs Estate is vested with full and complete ownership of all the surface estate and mineral estate of the hereinabove described tracts of land and the entire surface and mineral estate of both tracts are to be sold FOR ALL CASH AND NO CREDIT WILL BE EXTENDED. None of the furniture or fixtures located in the dwelling located upon the said tract two (2) above will be sold under this bid advertisement. The undersigned executor will work with any purchaser which the executor elects to sell the property to in assisting said selected purchaser to obtain a loan upon said property to pay the cash price to the said undersigned executor.

The undersigned executor agrees to furnish complete abstract to said property and agrees to furnish good and marketable title to said property, which shall be conveyed free and clear of any and all encumbrances.

All crop allotments assigned unto said land must be checked by bidder at the Agricultural Stabilization & Conservation Office, Anson, Texas.

J. C. Turner, Independent Executor, RESERVES the right to REJECT any and all bids and to waive informalities and further reserves the right to negotiate with any bidder.

NOTWITHSTANDING any provision to the contrary herein, it is expressly stated that this advertisement for bids will not be considered an offer to sell the above described property to any bidder but only a privilege granted to any bidder who may desire to submit a written bid for the purchase of the above described property. Any sale of said property shall be under proper escrow contract agreement expressly agreed to with the buyer and the undersigned executor. This privilege is given due to the great interest shown in the community to purchase the above described property, and the undersigned executor will sell the above described property.

SUBJECT to the right reserved to reject any bid, at anytime, such bids will be accepted until December 1st, 1964; provided that the undersigned executor reserves the right to stop accepting bids at any date before the termination of the heretofore shown date.

No bid will be returned and no verbal bid will be accepted.

J. C. TURNER  
J. C. Turner, Independent Executor,  
Box 215, Hamlin, Texas

## Pipers Final Road Game To be With Colorado City

The Pied Pipers will travel to Colorado City Friday night to take on the Wolves for their last road game of the season. The Pipers will be trying to even up their district record at 2 and 2, with the Wolves will be seeking their first conference victory.

Hamlin came up with their first district win last week when they edged out the Has-

kell Indians, 13-7. Colorado City fell before the Stamford Bulldogs, 27-0.

While the Wolves have a season record of 7-1, the Piper-coaching staff expect a rough contest Friday night. Since the Wolves have only Hamlin and Ballinger on their schedule and if they are to come up with a district victory this year it will need to be this Friday.

According to the coaches who have scouted the Wolves they have been moving the ball real well but they make too many offensive mistakes to score—fumbles, penalties, and pass interceptions.

The Wolves, coached by Truman Nix, former Hamlin coach, operate from the Straight T and the Spread Formations. Their quarterback, David McKay, is a good passer and a dangerous runner. Their best running back is Donnie Lindsey, halfback. They like to pass to Lindsey and to end Mike Moore.

Their best lineman is guard

Lee Dearen. The Wolves have an exceptionally tough defense against a running attack, but have been weak on pass defense. As have the other teams who have played the Pipers this year, they are expected to work on that this week and will probably be better in that department.

Probable starting lineup for the Wolves will be McKay at quarterback, 153 pounds; Lindsey at halfback, 155 pounds; Roger Proctor at fullback, 160 pounds; Perry Millsap at halfback, 155 pounds, Moore, 150 pounds, and Rickey Houston, 165 pounds, at the ends; John Tiller, 190 pounds, and Marvin Iglehart, 185 pounds, at the tackles; Dearen, 165 pounds, and Mike Mund, 160 pounds, at the guards; and Topper Steakley, 155 pounds, at center.

The Pipers will be in about the same condition physically as they have been for the past week or two and expect no changes in their starting lineups.

## No Changes Planned in Any of The Vast Moore Interests Here

No changes in the operation or personnel of the business interests of the late Mr. Fred B. Moore Jr. will be made, according to his widow, Mrs. Moore.

The business will continue under the present managers and business expansions underway at the time of Mr. Moore's death, Oct. 21, will be completed.

Each phase of the varied business holdings has been under the responsibility of managers for many years. These men will

continue in their present capacities and there will be no change in personnel.

Robert Fowler is manager of Moore Elevator, grain elevator. Lonnie Kidd is manager of Pied Piper Mills, feed store and manufacturers of livestock feed, operating throughout West Texas.

Pied Piper Farms, a registered Hereford operation, is managed by Doyle Ponder.

Raymond Seifres is in charge of the custom farming division which originated this year.

Barry Moore, a sophomore at the University of Texas, and F. B. Moore Sr. will continue as advisors.

Mrs. Moore assures the public that the policy of the business will not be altered and customers will continue to be served with the same personal attention to their needs.

## Jaycees to Bring Skydiving Show Here November 8

A skydiving show is being planned for Sunday, Nov. 8, by the Hamlin Jaycees and the Sky Blazers Sport Parachute Club of Abilene at the Hamlin airport. The club uses the local airport for their jumping activities.

The show will begin at 2 p.m. and 12 to 15 jumps will be made throughout the afternoon. The jumpers will be wearing smoke to make themselves visible from the ground.

Plans are now underway to make improvements at the airport. The Jaycees voted to give \$50 to the clearing of the area.

There is no admission. The Jaycees will operate the concessions. Airplane rides will be available for a nominal fee.

## Rev. Jerry McDaniel Accepts Calvary Baptist Pastorate

Rev. Jerry Lynn McDaniel accepted the pastorate of Calvary Baptist Church Sunday. He and his family moved here Thursday and are making their home at 537 N. W. Ave. H. Rev. and Mrs. McDaniel have a daughter, Shari, 5 months.

Rev. and Mrs. McDaniel are both graduates of Jacksonville Baptist College of Jacksonville. They have a daughter, Shari, five months old.

Rev. McDaniel plans to continue his studies at Hardin-Simmons University in Abilene taking courses one night each week.

E. J. Hawkins of Hamlin recently sold 1 registered Polled Hereford bull to O. T. Shell of Gorman.

## Longtime Area Resident, Mrs. Frank Cauble, Dies Sun.

Mrs. Frank Cauble, 71, a resident of Fisher and Jones Counties for 53 years, died at Callan Hospital in Rotan Sunday at 12:45 a.m. after a lengthy illness. She had been hospitalized for five days.

Services were held Monday at 2:30 p.m. in First Methodist Church with the pastor, Rev. Royce Womack, and Rev. Thomas Ewing, pastor of Faith Methodist Church, officiating. Burial was in McCauley Cemetery.

Born Apr. 7, 1893, she was the daughter of Mr. and Mrs. J. C. McClung. She was married to Frank Cauble at McCauley Mar. 26, 1911. He is a former city employee.

Survivors include her husband, two sons, Louie and J. C. of Hamlin; a grandson, Gary Cauble of Hamlin; two sisters, Mrs. I. V. Davis of Abilene, Mrs. C. B. Kniffer of Clyde, Palbearers were O. D. Roland, Holly Toler, W. J. Kemp, Hollis Madden, Lewis E. Madden and L. H. McBride.

## Bridge Winners

Duplicate Bridge Club winners Tuesday evening were: Mr. and Mrs. Henry Albritton, first; Mrs. Harvey Elkins, Mrs. Starr Inzer, second; Mrs. Floyd Briscoe, Mrs. Preston Morrow of Rotan, third.

The club meets each Tuesday at the Oil Mill Guest House.

## General Election Voting Tuesday

Hamlin citizens will join the rest of the nation in going to the polls Tuesday to decide who will be the next president of this country. They will also decide who will represent them from the courthouse to Congress.

Texas voters will also decide the fate of three constitutional amendments. If passed, the amendments would:

1. Remove the legislature's authority to transfer up to 1 percent of the permanent school fund annually to the available school fund.

2. Require notice to the public and to the Texas Water Commission of intent to introduce

legislation creating or substantially altering a conservation reclamation district.

3. Authorize the legislature to enact a program, under the federal Kerr-Mills Act, of financial help for Texans 65 and older who are not on the old age assistance rolls but who can't pay for medical services.

(Editor's note): A separate story can be found on this page that explains the pros and cons of each of these.)

Besides the interest being generated in the Johnson-Humphrey vs. Goldwater-Miller race there is considerable interest over the state, in the senate race, George Bush, a Republican, is challenging Democrat Ralph Yarborough in his bid for re-election.

The Republican party has a number of candidates this year seeking statewide and district races. Jack Crichton is the Republican candidate opposing Gov. John Connally, in seeking the top state office.

Both the east and west boxes will be open from 8 a.m. to 7 p.m. Miss Lennie Greenway is the judge for the west box at the high school gymnasium and Tom Routh is the judge for the east box at City Hall.

Jerry Crowley, commissioner of precinct 2, Fisher County, said this week that one of the voting boxes would be at the T & P Camp as usual.

Most of the cotton is expected to be picked by machine after frost.

W. S. Scott at the Neinda gin said prospects of about 2,000 more bales are expected.

Watts Fletcher at the Hamlin gin said they expect approximately 3500 more bales this season.

W. S. Scott at the Neinda gin said prospects of about 2,000 more bales are expected.

Most of the cotton is expected to be picked by machine after frost.

Watts Fletcher at the Hamlin gin said they expect approximately 3500 more bales this season.

W. S. Scott at the Neinda gin said prospects of about 2,000 more bales are expected.

Most of the cotton is expected to be picked by machine after frost.

## Central Avenue Baptist Church Plans Revival

The fall revival of the Central Avenue Baptist Church will begin on November 8 and continue through the 15, according to the pastor, Rev. Bill Irwin.

Rev. Clyde Cook, pastor of the First Baptist Church of Aspermont, will be the evangelist and Rev. Lynn Garrett, music and education director of the First Baptist Church of Anson, will be the visiting song leader.

Rev. Cook is well known in Jones County, having pastored the Trinity Baptist Church of Stamford for several years. He has also pastored in California and New Mexico before coming to the church at Aspermont. He has done a tremendous work in every place he has served. He is at present the Moderator of the Stonewall-Kent Association of Baptist Churches.

Rev. Garrett has done a remarkable job in music and education at the Anson Church. He is also the music director of the Jones County Baptist Association of cooperating churches. He is an outstanding singer.

There will be morning services each day at 10:00 o'clock. Prayer service each evening at 7:30 and gospel preaching and singing at 8: o'clock.

Rev. Irwin invites and encourages all friends in the community to attend this series of special services.

## Cliff Drummond Elected to Group

AUSTIN — Cliff W. Drum-

mond, University of Texas student from Hamlin, has been elected to Silver Spurs, men's honorary service organization.

Drummond, a senior majoring in pharmacy is the son of Mr. and Mrs. G. W. Drummond, Route 1.

Ben Maberry, Hamlin, recently purchased an Aberdeen-Angus bull from Tarlton Willingham & Son, Rotan, Texas.

## Alton Womack Named to Head Agriculture Census in County

Alton Van Womack of Anson has been named a crew leader for the 1964 Census of Agriculture, Percy R. Millard, director of the regional office of the U. S. Bureau of the Census at Dallas, announced today. The new crew leader is one of about 1,825 persons throughout the U. S. to receive this appointment.

The new crew leader will supervise a team of census enumerators who will visit all farms and ranches in Jones County to collect official census questionnaires from farm operators. Enumeration of all farms in the county will take place in November and early December.

The census will be taken in the following way: Shortly after Nov. 5, the Bureau of the U. S. Census, an agency of the U. S. Department of Commerce, will mail census questionnaires to all rural boxholders. Those required to fill out the forms should do so and hold the questionnaires until a census enu-

merator comes to collect them. At that time, the enumerator will help answer any questions that may have proved troublesome.

The crew leader is a key person in conducting a Census of Agriculture. He recruits and trains the enumerators, schedules their work, reviews the accuracy of completed forms, and conducts difficult interviews.

The Census of Agriculture is taken every five years in years ending in "4" and "9" to gather information on the nation's agricultural resources and production. Such information is vital in making decisions affecting many segments of the U. S. economy. Data gathered include the number and size of farms, acreage and harvest of crops, livestock inventories, and information on farm equipment and improvements and income and some production expenditures.

The information will be published in 1965 for counties, States, and the nation.

## 115 Absentee Ballots Requested In Jones County

A total of 115 persons had requested absentee ballots in Jones County up to noon Monday, Nov. 2, is the last day the ballots may be returned.

Absentee ballots must be notarized if cast away from the court house. Persons who plan to be out of the county on election day, however, may cast their vote at the county clerk's office.

Sheriff Dave Reeves is distributing election supplies to the various voting precinct judges this week. The supplies are assembled in the county judge's office and are sent out from there.

Guests in the home of Mr. and Mrs. J. D. Adams during the weekend were Leona Bain of Houston, Harry Lawson of Del Rio, Anna Adams, their daughter, and Lanny Foster, all students in Ranger Junior College and Candace Thompson, a student at Hardin-Simmons, Abilene. Mr. and Mrs. J. L. McWright, Mr. and Mrs. Harvey McWright and Kim, all of Lubbock, Mr. and Mrs. M. W. McNeely and children of Anson, visited with the Adams Sunday.

Mrs. S. G. Carruth of Port Arthur, Mrs. R. G. Stephenson of Anson, Mrs. Jimmie Foster of Del Rio, Mrs. Jim Hawthorn and son, Brion, of Houston, were visitors in the home of Mr. and Mrs. Virgil Steele and Mrs. Etta Stephenson.

Mrs. E. B. Watson has returned from visiting brothers and sisters in El Paso, Amarillo, Yuma, Ariz., Eloy, Ariz., and San Diego, Calif.

## AT ELECTION TUESDAY—

## Voters to Decide Fate of 3 Amendments

Voters decide Nov. 3 on three changes in the state Constitution.

On the ballot, as "for" or "against" propositions, are what could be the 156th, 157th and 158th amendment to the 1876 Constitution.

None has stirred up much debate.

In their order, the amendments would:

1. Remove the legislature's authority to transfer up to 1 percent of the permanent school fund.

2. Require notice to the public and to the Texas Water Commission of intent to introduce legislation creating or substantially altering a conservation and reclamation district.

3. Authorize the legislature to enact a program, under the federal Kerr-Mills Act, of financial help for Texans 65 and older who are not on the old age assistance roll but who can't pay for medical services.

Since 1891 the legislature has had power to shift not more than 1 percent a year of the permanent school fund into the available school fund for current state school aid expenses. It has used this authority 12 times.

The permanent school fund of \$535 million is invested in government bonds and some cor-

porate stocks and bonds. The interest and dividends goes into the available school fund. Increases in the investments' value and mineral income—such as oil and gas royalties from school lands—are not subject to automatic transfer to the available fund. They increase the permanent fund, which has been growing since 1948 at an average of \$26 million a year.

Advocates of the proposed amendment say it will prevent depletion of the permanent fund by removing legislators the temptation to dip in the fund to avoid new or higher taxes, which might be politically unpopular. They argue that mineral income is declining and the day may come when the fund will no longer be growing.

Opponents contend the legislature has used prudently and reluctantly its authority to draw on the permanent fund. They say the lawmakers should be allowed to retain the power for emergency use and such revenues as oil and gas royalties should be treated as income for the available school fund anyway.

The second amendment, obscure in its wording on the ballot, requires newspaper publication a legislator's intent to introduce a bill creating or sub-

stantially changing a conservation and reclamation district 30 to 90 days before the measure is submitted.

Also required would be delivery of the proposed bill to the governor for submission to the Texas Water Commission for its recommendation, which would go to the governor, lieutenant governor and speaker of the House.

Included in the scope of the amendment is legislation adding land, altering the taxing authority of bond issuance authority and amending the qualifications or terms of office of the governing board of a district.

Those favoring the amendment say it would be a safeguard against creation of new units of government, with taxing powers, before those affected can prepare and argue a case against it. Requiring the water commission's opinion will provide expert advice on whether the proposed district would harmonize with the needs of the area and benefit the statewide water program.

On Medical Care

Opponents say adequate notice already is given. They also argue that the amendment would add to the load of an already over-burdened water commission.

The medical care proposition has gotten the most attention.

It would expand Texas' participation in the federal-state program of medical assistance to the aged under the Kerr-Mills Act of 1960.

Texas already participates in a portion of the act that raised the amount of federal matching funds available for medical care to recipients of old age assistance. Since 1962, the state has paid a monthly group health insurance premium for each recipient plus direct payments to nursing homes.

The program costs about \$30 million a year, with three-fourths of the money coming from Washington and the rest from Austin.

Medical services authorized by the proposed amendment include fitting of glasses.

The amendment is strongly supported by the Texas Medical Association, which says privately purchased health insurance and the old age assistance program already take care of the medical needs of 72 per cent of Texans 65 and over. The association says the Kerr-Mills program is preferable to medicare under social security.

Opponents say the program would place a heavier tax load on Texas citizens and is not needed. Some argue also that adoption of the amendment would be a step toward socialized medicine.

## State Wins Suit Filed Under New Escheat Law

One of the first suits filed under the state's new escheat law in Jones County was decided in 104th District Court last week and judgement was rendered for the state.

The suit named as defendants Hodges Farmers Coop. Gin, Stamford Production Credit Association, Stamford Rural Electric Cooperative, and Jones County.

Under terms of the escheat law, money that is abandoned or unclaimed for a period of seven years reverts to the state. Holders of the money are required to make every effort to find the true owners but if this fails, then the state files a friendly suit and the money is taken over.

Two of the defendants, Hodges Gin and Stamford PCA, had already surrendered their money, the Gin paying in \$248.90, and PCA \$28.75. Amount of money in the other two cases was \$438.89 from Jones County Clerk's office and \$145 from REA.

## JUNIOR HIGH FOOTBALL

The Hamlin eighth grade boys, the Mighty Mice, were defeated by the Albany Cubs Tuesday evening here, 22-0.

Tentative plans are for a seventh grade game Thursday at 4:30 p.m. with Albany.

The high school B team plays Anson here Thursday (tonight).

The eighth grade team will play their last game of the season here with Anson at 7 p.m. next Tuesday.

## Neinda Philosopher Wants to Know What Happened To the Fired Editors Over in Russia After Change

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route 1 this week discusses a sidelight of the situation in Russia.

Dear editor:

When it comes to knowing what has taken place in Russia, I don't know any more about it than Washington, London, Paris or Mr. Khrushchev did, but there is an aspect to it that has got me to thinking.

As I understand it, Mr. Khrushchev got fired, and I have no feelings about that. He got the job in the first place by getting somebody else fired.

But there was a side effect that interests me. Right after Mr. Khrushchev was fired, according to the account I read in a copy of a newspaper the

next day, the editors of the two main Russian newspapers, Pravda and Izvestia, were fired too.

Can you imagine a situation where, if the Jones County government got turned out of office, you would be too?

What would happen to this country if, every time we elect-

## VA Boys Building Several Items for School System

The F.F.A. boys in V. A. III have been working in the wood and metal shop. Under the direction of Mr. T. C. Blankenship, they are making such things as a film cabinet for football films, speaker's stands for class rooms, and cattle feeders. The chapter hopes to sell the items to acquire funds.

The V. A. I boys are studying parliamentary procedure and the history of the F.F.A. in preparation for the Junior Chapter Conducting contest and the F.F.A. Quiz.

The V. A. II groups are studying parliamentary procedure. This is to prepare for the Senior Chapter Conducting Contest. The Stamford District contests will be held here at Hamlin on Nov. 12.

The Hamlin Chapter will hold its monthly meeting Monday night, Nov. 2. A main order of business will be to initiate the members who qualify for the degree of Chapter Farmer. The qualifications include having been enrolled in vocational agriculture one year, being familiar with the provisions of the constitution of the local chapter, having on deposit or productively invested at least \$50.

The Chapter Program of work is nearing completion and will be filled with the Area II F.F.A. Association by Nov. 1.

ed a new president, all the editors got fired. I can see the people around here the day after an election scratching their heads and saying, "Well, I see we got a new administration in Washington. Wonder who's gonna be the next editor of The Herald?"

And also, while I know what they do with ousted dictators in Russia, what I'd like to know is what do they do with ousted editors? This makes for very interesting speculation, but not around here, naturally.

Personally, I have no suggestions along this line, but I have a notion that on November 4, regardless of who was elected on November 3, you'll still be on the job. Under our system, firing is confined to college football coaches.

Yours faithfully,  
J. A.

## It's Fun to Be Scared

Man's fascination with the supernatural is an emotional balancing act between fear and fun. The hearty laugh of those who sneer at ghost stories frequently has an embarrassing resemblance to a nervous giggle.

There's an irresistible appeal about the shadowy world of the occult that has attracted poets, playwrights and authors for centuries. And, throughout the history of mankind, this appeal has spelled success in the entertainment business — from William Shakespeare, with the ghost of Hamlet's father to Rod Sterling and his probes of the "Twilight Zone."

Current manifestations of the allure of the weird are three new television programs. Two of the shows caricature eerie families in haunted houses; the third features a contemporary witch in the guise of a normal housewife.

All three are intended to produce laughs but the basic ingredients of the gags are found deep in man's tribal lore — centuries before television was even a bad dream. And, presumably,

there was nothing funny about the superstitious beliefs of those early times.

For instance, Compton's Pictured Encyclopedia relates that the ancient Druids believed spirits of the dead roamed abroad on Halloween and they lighted bonfires to drive them away.

They also thought that cats had once been human beings but were changed as a punishment of evil deeds. This curious notion found its way into 20th century melodrama with the broadcast of Arch Oboler's hair-rising radio play, "The Cat-Wife" which starred Boris Karloff.

A more neighborly explanation of the old European custom of blazing bonfires on Halloween is found in Sir James Frazer's classic book on primitive customs, "The Golden Bough." He points out that the souls of the departed were supposed to revisit their old homes in order to warm themselves by the fire and bask in the good cheer provided by their affectionate kinfolk.

The Irish say that jack-o'-lanterns originated with a man named Jack who was doomed to walk the earth with his lantern until Judgement Day because he was unable to enter either heaven or hell.

Even after November 1 because a Christian feast day, honoring all saints, the peasants clung to the old pagan beliefs and customs. According to Compton's, the holy day traces back to 610 A. D. when Emperor Phocas gave the Roman Pantheon to Pope Boniface IV as a church.

But when the Durids were calling the shots, they combined their fear of ghosts with fun and rejoicing. A three-day celebration centered around Halloween. The festivities included roasting of nuts and apples as symbols of the harvest.

Today, the trappings of ancient rituals are still with us on Halloween — grotesque masks, witches, black cats, white ghosts. But the glamour of mystery and awe that clung to the annual observance has long since been dissipated. There are very few practitioners of black magic in today's enlightened space age. Superstitious fear of the unknown has been uprooted by technological advances.

Only squares dig all that spook nonsense.

Of course, even the most sophisticated take a dim view of walking by a cemetery at night. And, sometimes when you're alone late at night you can hear some awful strange noises and see mightily peculiar shapes in your own house.

And when this happens, you can always turn on the television, watch an old Dracula film and remind yourself that it's fun to be scared.

A tendency for warts to dry up and disappear has given rise to many superstitious beliefs that warts can be charmed away by magical spells or practices. The belief that warts are caused by handling frogs and toads has no basis in fact, according to Compton's Pictured Encyclopedia.

## What They Wore... by PHYLLIS JOYCE

AT THE 1853 NEW YORK WORLD'S FAIR THE SILHOUETTE OF WOMEN WAS NOT UNLIKE THAT OF A DINER-BELL. THIS LOOK WAS ACHIEVED BY A REVOLUTIONARY CRINOLINE MADE NOT OF HORSEHAIR BUT OF CONCENTRIC METAL HOOPS... A FASHION INNOVATION IN KEEPING WITH THE DRAWING MECHANICAL AGE.

## Postmaster Urges That Public Shop and Mail Early This Year

The Christmas "rush" brings a very old quote to mind: "Neither snow nor rain, nor heat, nor gloom of night stays these couriers from the swift completion of their appointed rounds." This was said by the Greek historian, Herodotus, in the Fifth Century B. C. but it still is true of the postal service.

However, Postmaster Perry Sparks recently added a thought. "While it is true that bad weather doesn't stop the mails, it certainly can slow them down."

He mentioned that planes can't get off the ground, switches on railroad tracks can freeze up. Trucks must move more slowly and cautiously over icy highways. And, in many places, mailmen might wish for the warmth of an igloo. Even the impish Mr. ZIP can't assure next-day delivery under these conditions.

"Why, you may ask, 'does the postmaster bring this up?'"

"Simply to let people know that there is a factor that we just can't control, the weather," Postmaster Sparks said. "It is important that people mailing Christmas cards and gifts make every effort to shop early and mail early to assure on-time delivery. This is especially true during the Christmas rush when an ever increasing avalanche of mail moves through the postal system."

The Post Office Department has several new tools to use in this year's mail service. The most important is the new ZIP CODE and transportation-distribution system that came into being with the Zoning Improvement Plan (ZIP). Postmaster Sparks is urging everyone to use the five digit numbers because in most cases the code

cuts down the number of times a piece of mail must be handled. This saves time, labor, and money.

He suggests that even if you don't know the code for the addresses of the people to whom you'll be sending cards and gifts, you should use the code on YOUR return address. And you should record the codes from the return addresses of those who are writing to you.

Moving the Christmas mail is a hard tiring job and the twelve local postal employees who work so diligently this period deserve all the cooperation they can get.

The postmaster said that shopping early, mailing early and using ZIP Codes will really put ZIP into your Christmas mailing. . . and give your mailman a hand too.

## Smiling Blue Birds Meet in City Park

The Smiling Blue Birds met October 20 at the park with their leader, Mrs. Bill Early, and assistant leaders, Mrs. C. H. Tugwell and Mrs. David Casey. Blue Birds present were Rita Casey, Donna Early, Lynda Harrison, Debbie Hix, Kimi Mehaffey, Vickie Ponder, Jacqueline Preiss, Rebecca Server, Kathy Smith, Debra St. Clair, Denise Tugwell, Lisa Walker, and Sonja Williams.

After refreshments at the park the group hiked back to the Hut. Refreshments were furnished by Mrs. J. E. Harrison.

Mr. and Mrs. Robert Charles Joplin of Roby are the parents of a girl, Donna Lynn, born Oct. 21 at 10:01 a.m. She weighed 6 lbs. 13 oz.

## Friendship HD Club Hears Program on Christmas Ideas

A program on Christmas ideas was presented at the Friendship Home Demonstration Club meeting Friday at the Oil Mill Guest House. Each member showed something she had made which would make appropriate Christmas gifts.

Mrs. Elmer Joiner gave a report on the Home Demonstration State Convention which she attended in Houston.

Some members brought waste paper baskets which were given to Holiday Lodge, home for senior citizens.

Mrs. E. G. Young, hostess, served refreshments to ten members.

Guests of Mrs. Camille Simmons last weekend were Mrs. James Saul, her aunt, and Mrs. Minnie Fitzgerald, both of Miami, Texas.

## Mr. and Mrs. E. W. Frost Will Celebrate 50th Anniversary Sun.

Mr. and Mrs. E. W. Frost of Hamlin will be celebrating their 50th Wedding Anniversary Sunday, Nov. 1, when members of the immediate family will be present.

A reception honoring the couple will be held from 2 to 5 p.m. All friends are cordially invited.

The couple were married Nov. 1, 1914, in Montague County in the Pleasant Ridge Community. Mrs. Frost is the former Stella Niece of Bowie.

She was born there Sept. 7, 1898.

Mr. Frost was born Aug. 19, 1893, in Bell County. Mr. and Mrs. Frost moved from Bowie to Rotan Oct. 2, 1932. He was a farmer until he started to work for the Katy

Railroad, in 1944. The family moved to Hamlin Set. 2, 1946. He was retired in 1959.

The children are Mrs. R. D. Holder of Yuba City, Calif., Mrs. C. A. Seaton Jr., 102 Chestnut, Snyder, Mrs. W. D. Rankin, 1217 South Bowie, Abilene; Jack Frost, Weslaco; Dale Frost of Hamlin and John Frost of the home. They have 15 grandchildren and six great-grandchildren.

## P-TA Officers Take Parliamentary Course Here

A parliamentary course was held in the primary coterminum, Oct. 20, for officers of the Hamlin Elementary Parent-Teachers Association. Mrs. S. L. Canterbury Jr. of Kilgore was the instructor. Mrs. M. F. Garland, district president from Rotan, was also present.

Attending were Mrs. Jack Vaughan, local president, Mrs. Bill Early, Mrs. Earl Brown, Mrs. L. L. Skaggs, Mrs. Joe E. Ford and Mrs. John M. Hudson. The course was on facts about the P-TA and how to hold the meetings using proper parliamentary procedure.

## First Baptist GA's Open Activities With Supper Here

The Intermediate Girl's Auxiliary of the First Baptist Church began their year's activities with a covered-dish supper Monday evening, Oct. 19, in the Fellowship Hall.

Entertainment was a solo "He", by Martha Robertson and skits by Mr. and Mrs. Bill Keck and Mrs. Robert Cary Jr.

A short devotional by Mrs. Cary closed the meeting.

Members present were Margaret Cooper, Jayne Turner, Nancy Brown, Alice Lovell, Sandra Payne, Cheryl Walton, Patricia Elkins, Connie Kim, Jane Hymer, Patti Murphree, Martha Robertson, Beth Craig, Marilyn Fudge, Dianna Crowley, Sharon Townley and Jerry Elliott. Also Mrs. Cary, GA director, Mrs. Harold Johnson and Mrs. Ewell Mackey, GA leaders.

Guests included the pastor, Rev. Byron Bryant, and Mrs. Bryant, Mr. Keck, minister of

music and education, and Mrs. Keck. The girls meet every Monday at 4 p.m. at the church.

## Jones County HD Council Members Report Year's Work

Members of the Jones County Home Demonstration gave their annual reports at the October meeting in the office of Mary Y. Newberry, Jones County Agent. The reports of the year's work were turned in to Mrs. Newberry.

Mrs. Elmer Joiner, chairman, presided. Nine clubs were represented with 20 members and six visitors present.

Mrs. Newberry announced a leader training meeting on "Christmas Candies and Cookies" in her office Wednesday, Nov. 4, at 9:30 a.m.

The annual Christmas luncheon was set for Dec. 3 at the Lions Club Building in Anson.

Mr. and Mrs. Odus Akins and two children from Fort Worth visited Mr. and Mrs. Fred Carpenter Sunday.

## HD Agent, Mary Newberry Takes Look at Tricot Bonded Fabrics

By Mary Y. Newberry Home Demonstration Agent Jones County

The "pros" and "cons" of tricot bonded or lock-lined fabrics are of concern to consumers, says Mary Y. Newberry, Jones County Home Demonstration Agent.

"No linings and easier construction" are echoes of manufacturers of this fabric. Yet consumers want to know if it will serve the purpose for which they purchase it.

Some important facts are gleaned from research and observation of fabrics on the local market. The greatest majority of these fabrics are wool flannel or mohair, cotton, and nylon looped knit bonded with acetate tricot. Other implications from research are:

With bonded fabrics, because of the chemicals in the bonding, some stains cannot be removed.

The acetate tricot has much poorer strength and abrasion resistance qualities than the wool, and will probably wear out much quicker than the wool flannel.

A regular woven fabric, as a lining, is used to eliminate this give and prevent sagging. The tricot, being a knit, will give and allow the wool to stretch.

Acetate is a heat-sensitive fiber and cannot be pressed at the steam setting on the iron, which is used for wool.

The backing does give more body to sheer fabrics and would be quite good on those such as knit mohair to prevent sagging.

Acetate has poor colorfastness and it should be observed whether change of color in this backing will affect the outward

appearance of the garment. The wool will hold its color well.

Acetate could not be washed without damage, therefore, it would be a poor choice to select it bonded to a washable fabric. The bonded fabrics are easy

to handle and would be especially good for an experienced person.

There is a problem of bulkiness at corners and where seams are joined over seams. Ordinarily, an underlining could be cut out at the corners, but this is not possible with this fabric.

Difficulty arises in getting a flat seam, crisp edge, and pointed corners, so the design of the garment should not call for this. The same situation exists with stretch.

## TAKE A SLICE OF HAM...

There is no end to the good things you can prepare with ham steaks. Now, any Southerner knows how well the smoky flavor of ham goes with the sweet smoothness of yams. Here's a dish that combines the two.

Thin slices of tasty pasteurized process cheese spread are arranged on top of ham steaks. Then the cheese is topped with a savory mixture of yams, saltine cracker crumbs, onion, and herbs. The whole dish is baked to warm the ham, melt the cheese, and brown the yam topping. Mmmmm...happy eating!!!

### SOUTHERN HAM STEAKS

- 1 cup PREMIUM Saltine Crackers (about 25 crackers)
- 1/2 teaspoon tarragon leaves
- 1/2 teaspoon thyme leaves
- 1 (9 1/2 ounce) can yams, drained and cut into small pieces
- 1 tablespoon finely chopped onion
- 1/2 cup butter or margarine
- 2 pound Velveeta Pasteurized Process Cheese Spread, thinly sliced
- 2 ham steaks, cut 3/4 inch thick (about 12 ounces each)

Combine first 4 ingredients. Sauté onion in butter or margarine until tender. Add to dry ingredients. Mix lightly. Arrange cheese slices over ham steaks. Top with sweet potato mixture. Place in a baking dish. Bake in a preheated moderate oven (350° F.) 25 to 30 minutes. Serve with a green salad. Makes 4 servings.

za, Jan Young.

**SIXTH GRADE** — Charlie Sellers, Mike Lewis, Deborah LaFerna, Jerry Brown, Connie Conners, Cheryl Gibson, Mark Madden, Gary McMillan, David Mullings.

It is not true that bats carry common lice or bedbugs, according to Compton's Pictured Encyclopedia. Bat parasites are peculiar to bats and will not attack man. It is also untrue that bats willingly entangle themselves in women's hair.

### Kemp Circle Meets With Mrs. Hoffman

The Kemp Circle of the W. S. C. S., First Methodist Church, met with Mrs. S. T. Hoffman Tuesday.

Mrs. Brad Rowland Sr. gave the program on "Prayer and Self Denial."

Eleven members were present.

Call your news to the Herald

## FAIRVIEW NEWS

By MRS. ELMER JOINER

The weather follows the same pattern week after week in the fall and winter, beautiful weather all week, then a change on the week end. Some light showers fell Sunday, in this vicinity, growing much heavier to the west, over around Snyder having received a big rain. We are much in need of rain in our community, for the wheat already up, and for that is to be sown.

It seems that the church attending crowd fell off Sunday, for various reasons, being guilty myself of going visiting, couldn't say for the others.

We are sorry to report that Mrs. Henry's brother-in-law, that has been ill in the Abilene Hospital, is very ill at this time. Mrs. Henry spent Friday over there. He lives at Aspermont.

Penny Ford is in the Hospital in Hamlin.

Mrs. Fred Rosenbaum has really been having trouble with her asthma, recently. This is the time of year that all allergies try to act up and have a last fling, before frost comes and kills all vegetation giving allergy sufferers relief.

Keenan Wright had croup Saturday night, so he had to stay home Sunday. He has it quite a bit, even though it is an old fashioned thing.

Visitors in church Sunday night were, Mr. and Mrs. Bo Newland and son, Milburn, coming with Mr. and Mrs. Bill Newland.

Mrs. Mary Sue Henry, Rule, visited with her brother and sister-in-law, Mr. and Mrs. E. A. Henry, Saturday.

Sonny Joiner, San Antonio, spent Saturday night with the Elmer Joiners, enroute to Lubbock, to spend a few days, then will go on to California to visit a brother, and other relatives and friends.

Mr. and Mrs. Elmer Joiner went to Lubbock Sunday, to be with his brother, Sonny, and all visit in the home of their sister, Mr. and Mrs. Henry Kee.

Another old landmark is disappearing, out this way. The

Mrs. Johnie Agnew visited Mrs. Lois Hampton, Saturday, in the Crestview Nursing home, in Abilene. Mrs. Hampton seems to be about the same, as far as can be told. So many people are concerned about her condition, and since she is a native of our community, we try to report on her as often as we can.

Family night was held Wednesday night, in the new fellowship hall of the church, with a Halloween party. Most folks might snicker at our "fellowship hall", since it is so small,

but for us it serves the purpose, and we are proud of it. The old saying that poor people have poor ways, applies to our little group, and we do the best we can, trying to carry on and keep our church, which was organized in 1888, alive.

### Student Teaching

Clyde Hodnett, son of Mr. and Mrs. A. B. Hodnett, is teaching industrial arts at Den-High School as a student teacher during the fall semester. A 1961 graduate of Hamlin High School, he is a member of the Industrial Arts Club.

## VOTE FOR THE TEXAN WHO LEADS THE FREE WORLD!

For the past eleven months, for the first time in our history, a native son has led our nation and the free world. And every Texan can take pride that President Johnson has met the awesome burdens of the office with courage, wisdom and restraint.

### THE ISSUE TUESDAY IS SIMPLE: WHO CAN BEST LEAD OUR NATION IN A TIME OF CHALLENGE AND PERIL?

To which man do you feel most comfortable entrusting the security and well being of yourself and your children for the next four years—

A man who wants to turn back the clock of achievement... a man who has worked consistently against progressive measures in the Senate... a man virtually untested in a time of crisis?

Or a man who has dedicated his entire life to public service... who has demonstrated, under five administrations, progressive leadership in working for a better way of life for all Americans. A man who has proved his courage under fire... has demonstrated his unwavering strength to meet any aggressor with firmness, yet restraint?

### PRESIDENT JOHNSON HAS PROVIDED RESPONSIBLE LEADERSHIP FOR MORE THAN A QUARTER OF A CENTURY

For almost three decades, President Johnson has been a pillar of strength for Texas and the nation. As Congressman, as Senator, as Majority Leader, as Vice President, and now as Chief Executive, he has written a proud record of progress.

### ONLY TEXAN PRESIDENT LYNDON JOHNSON OFFERS THE EXPERIENCE, THE PATIENCE, THE WISDOM, AND THE STABILITY NEEDED BY THE NATION AND THE FREE WORLD IN THESE CRITICAL TIMES!

### ★LET'S KEEP A COOL HEAD IN THE WHITE HOUSE★

## TEXAN VOTE LBJ

### ★RESPONSIBLE LEADERSHIP FOR ALL AMERICA★

## PIPER PATTERN—

### Band Sweetheart Nominees Named; to Be Crowned Nov. 6

By Nancy Ford  
Carolyn Reynolds  
Marolyn Reynolds

Words and arguments are ringing as debates take place in high school civics class. Bulletin boards, posters, and signs are being made to build up spirit for the presidential, gubernatorial, and senatorial races. When the preliminaries are over a debate for the presidential race will be given for the entire student body. This will be wild!

lections from becoming popularity contests, and the Student Council's place in promoting school spirit.

Again the anticipation is great as the band sweetheart nominees have been announced. They are Mary Lois Patterson, Carolyn Reynolds, Marolyn Reynolds and Mary Margaret Turner. These four girls are all active senior band members and members of the stage band. Patterson is drum major, Miss Marolyn Reynolds is secretary of the band, Miss Carolyn Reynolds and Miss Turner are both drill team captains. One of them will be crowned Band Sweetheart of 1965 in the half-time show of the Winters' football game, but which one?

Yes, Hamlin's football season record is now 5-2. In a very decisive battle with the Haskell Indians Friday night, our boys came out on top. Yes, the coaches and the boys did a good job, but may we take this space to thank our fans—your yelling and backing was great. These factors combined can do many things and again they will be needed, Friday night. One can never know whether we are meeting Wolves or wolves in sheep's clothing. We want a victory! We must have a victory!

Busy thinking, and promoting—this is what the Student Council is doing. Friday it is sponsoring color day at which time every student is asked to wear white or green. Then, oh my, the halls will be noisy because the 25th student who says "Beat C-City" to one of the two unidentified students will receive \$1. Ear drums and nerves will be shattered.

Mr. and Mrs. Young Bill Maddox of Hamlin are the parents of a baby girl born Oct. 25 at 3:46 p.m. She was named Tana Beth, and weighed 7 lbs. 14 oz. Grandparents are Mr. and Mrs. Bill Maddox of Hamlin and Mrs. Jean Weaver of Stamford and Mr. Jack Weaver of Levelland.

## OLD GLORY ...

Basketball:

Old Glory took a double victory over Girard in the first basketball game of the season on Tuesday night, Oct. 20. The girls taking a 51-41 decision and the boys gaining a 47-43 triumph.

Nancy Vahlenkamp tallied 24 and Jerry Hahn 25 for the victorious Old Glory teams while

Linda Neskorik made 19 points and Bruce Browning 17 for Girard.

Mr. and Mrs. Jack Powers of Clyde announced the birth of a daughter, Julie Terisina, born Oct. 13, in the Hamlin Hospital. The young lady has numerous relatives and friends in the Old Glory community. Her mother is the former Shirley Dippel.

Mr. and Mrs. Billie Wendeborn of Old Glory are the proud parents of a son, Ronald Edward, born Oct. 18 in the Stamford Hospital. The Wendeborns have a daughter, Kathy, who is a first grader in Old Glory School.

Mrs. T. E. Bell hosted a Stanley party in her home Tuesday afternoon. Twenty-one ladies were present. Mrs. Morris Garner was the demonstrator.

Several ladies in the community met in the home of Mrs. W. G. Wienke on Wednesday afternoon of last week for a quilting bee. Refreshments were served.

Mrs. Cecil Klump recently attended the District VII English Teachers Workshop in Wichita Falls. The theme of the workshop was "Strengthening the Effectiveness of English Teachers".

For the past two weeks, several classes in the Old Glory School have been involved in taking tests recommended by the Texas Testing Program. Mrs. Klump administered the tests.

As a fund-raising project, members of the Old Glory Junior Class are taking orders for sweatshirts. The long-sleeved shirts are white with Old Glory Pirates printed in red. The price is \$3.99 plus tax.

The sweatshirts may be ordered from any Junior or their sponsor, Mr. Jerry Johnson.

The many friends of C. L. Offill were shocked to learn of his death last Saturday. He has been in the Stamford Hospital receiving treatment for a heart ailment for a week. He will be missed in the community. Our sincere sympathy to his family.

Call your news to the Herald

FIVE YEARS AGO:

Hamlin High School librarians will host a district meeting of high school librarians Saturday. Peggy Dodd is secretary of the area group.

Major Carolyn Greenway of Hamlin was presented her second commendation ribbon for outstanding service to the Air Force recently in Europe.

TEN YEARS AGO:

Fund drive for the Camp Fire Girls in the Hamlin community has netted \$650.00, according to Carl Murrell, drive chairman.

Hamlin Volunteer Fire Department members won first and second places last Thursday in contests of the Midwest Texas Fireman's Association convention held at Cisco.

FIFTEEN YEARS AGO:

Hamlin Chamber of Commerce is playing a "hands off" game in charges made by transient laborers that they had been discriminated by local merchants.

By Oct. 21, 1949, a total of 3,160 bales of cotton had been ginned by Hamlin gins this season.

TWENTY-FIVE YEARS AGO:

An adequate water supply now seems about to be realized—that is following a good rain that will fill the 35-acre lake near Neinda recently completed by the City of Hamlin.

FORTY YEARS AGO:

Merkel Badgers downed the Pied Pipers 33-6.

Mr. and Mrs. O. R. Criswell and son, Richard, are spending the month with his parents, Mr. and Mrs. J. S. Criswell of Hamlin.

A. J. Daniels and family have moved to town to have their children near school.

## Funeral Service Conducted Here Friday for Fred B. Moore Jr.

Funeral services were held here Friday for Fred B. Moore Jr., 44, in the First Baptist Church at 2 p.m. Mr. Moore, a prominent businessman and civic leader, died at his home, 43 N. W. Ave. A, at 2 p.m. Wednesday, Oct. 21.

Services were conducted by Rev. Byron Bryant, pastor, and Rev. Lenard Hartley, pastor of the Sherwood Baptist Church of Odessa and former pastor of the local church. Burial was in Hamlin East Cemetery.

Mr. Moore was owner and operator of Moore Elevator, Pied Piper Mills and Pied Piper Farms. He was president of the Board of Trustees, Hamlin Public Schools; past president of the Hamlin Board of Community Development, a past director of the Texas Hereford Association, past director of Texas Grain and Feed Dealers Association, and this year serving as vice president of the National Anxiety 4th Hereford Association.

The son of Mr. and Mrs. F. B. Moore Sr., he was born here Nov. 17, 1919. He graduated from Hamlin High School in 1937 and attended New Mexico Military Institute, Roswell, New Mex. When a senior in Baylor University, he entered the armed services, serving three and one-half years with the Air Transport Command. He was stationed in Montana and in Canada.

He was married to the former Bernice Bogden in Great Falls, Montana, Feb. 16, 1944. A member of the First Baptist Church, he was active in the program of the church and served as chairman of the building committee for the new church building completed in 1962.

Survivors include his wife, his parents, and four children, Fred Barry, a sophomore at the University of Texas, Austin; Robert, a sophomore in Hamlin High School; and twins, Christopher David, and Anna Patrice, first grade students.

Pallbearers were John Montgomery of Jayton, Lonnie Kidd, Guy Weaver, E. J. Whaley, J. C. Turner, C. F. Cook, Cliff

Reynolds Jr. and George Poe. Robert Fowler was with the family.

Out-of-town relatives attending the services include Mr. and Mrs. Vern Covington, Mrs. Sam Ziewel, all of Kingman, Kans., Mrs. Richard Harris of Kansas City, Kans., Mrs. Charles Carver of Hillsboro, Mr. and Mrs. Louie Hardy of Plainview, Mrs. Carl Lamb of Cisco, Mr. and Mrs. Louie Mac Hardy of Houston, Mr. and Mrs. Will Calhoun of Rotan, Mr. and Mrs. Sam Calhoun Mr. and Mrs. Billy Calhoun of Abilene, Mrs. Tolbert Mayfield of Cleburne, and Mrs. Bud Hughes of Roby.

METER CONNECTIONS

Bruce Evans, 250 S. W. 4th. William C. Flippo, 138 W. Lake Dr.

Al Sibert, 115 N. W. Ave. D. John Corley, 812 S. E. Ave. B.

One statement that sounds like an old wives' tale is actually a scientific fact. According to Compton's Pictured Encyclopedia you really can tell the temperature by listening to the chirp of the cricket. Both field and tree crickets vary the speed of the chirps with the temperature. One can estimate the temperature by counting the number of chirps per minute, dividing by 4, and adding 40.

## First Methodist Church Suing Contractor Over Lightning Rods

The board of trustees of the First Methodist Church of Hamlin have filed suit in 104th District Court at Anson against the builder of the educational unit of the church, alleging the contract has not been carried out. Damages totaling \$3,175 are being sought.

Named defendants are M. C. Alston of Sweetwater, doing business under the name Alston Construction Co., and Standard Accident Insurance Company, who issued the performance bond.

The suit sets out that contract provided for installation of lightning rods and detailed the manner in which they were to be installed. The contract was signed June 1, 1961 and work was completed in May of 1962.

Shortly after completion, the plaintiff sought to get insurance credit from the State Board of Insurance for having the lightning rods but despite repeated requests defendant refused to supply necessary information. At one point, the petition sets out, the defendant denied contract called for lightning rods.

The plaintiff further claims

that several items needed correction and that the building committee notified contractor of these items but no action was taken. Trustees of the church claim the damage is \$150.

Failure to get certified by the State Board of Insurance to receive the insurance credit costs the church \$60.50 a year in added premium, it is claimed. The petition sets out that the life of the building is 50 years which makes the added insurance cost \$3,025 for the full period.

Andrews and Andrews of Stamford are attorneys for the plaintiffs.

Mr. and Mrs. James Clayton Perry of Swenson are the parents of a boy, born Oct. 22 at 8:32 p.m. He weighed 8 lbs. 1 oz. His name is James.

Mr. and Mrs. Sylvester Ramon Jr. of Rotan are the parents of a son, born Oct. 26 at 9:36 a.m. His name is Rolando and he weighed 5 lbs.

Mr. and Mrs. Jim Spaulding of Hamlin are the parents of a girl born Oct. 26 at 3 p.m. She weighed 6 lbs. 10 oz. and is named Elizabeth Janell.

## '65 Comet completes 16,200-mile durability run from Cape Horn to Fairbanks, Alaska, in 40 days

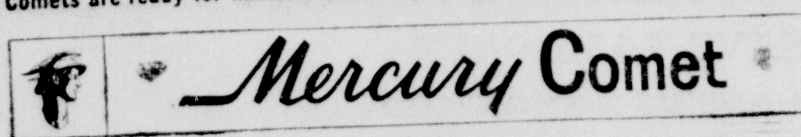

Shades of Daytona! Comet is famous for durability. Last year, specially equipped Comets ran 100,000 miles at Daytona in 40 days.

Regular production-model Comets used, just like showroom Comets. Want to see the car that made it from Cape Horn to Fairbanks? Visit your Mercury dealer's. Check a 1965 Comet Caliente, with smooth Multi-Drive Merc-O-Matic. The only difference: the run cars had an extra gas tank, because service stations are frequently so far apart in South America.

Comets are ready for immediate delivery. No waiting, if you order yours now.

world's durability champion

## CONNALLY

FOR A GREATER TEXAS!

## Air Condition Your Home Now...

Right now, during our "off season" we can, quite frankly, afford to figure your job with an especially fine pencil. We need low profit work to keep our valuable trained crews together. So this is an especially good time for you to call us for an estimate.

As a further incentive we can pass along to you a wonderful bargain made available to us by Carrier—a fine Carrier food freezer that normally sells for \$149.50, free with every residential air conditioning system ordered now.

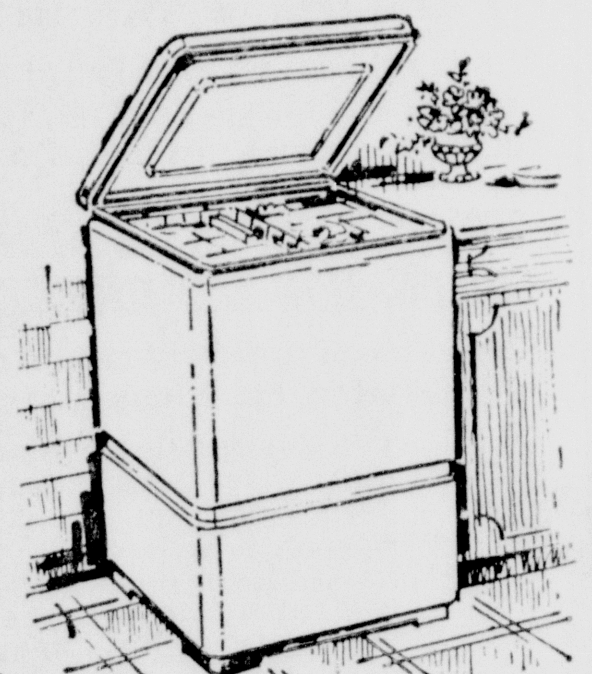

## Fabulous Off Season Bonus

### FREE FOOD FREEZER

A compact, 4.5 cubic foot Carrier countertop freezer can bring you kitchen convenience to go with your kitchen comfort.

How can we make such an offer:

1. Off-season business which keeps our installation crews busy is especially valuable to us. We're willing to make special concessions.
2. The Frostmaster Division of Carrier makes these freezers by the thousands. We can buy them at a special low price in carload lots.
3. Carrier and our distributor are sharing in the cost of the freezer because they like off-season business, too.

No money down • Easy terms  
The best Carrier equipment  
Experienced installation

# STATE CAPITAL Highlights AND Sidelights by Vern Sanford

AUSTIN, Tex. — This is the final week of the voter round-up.

Tuesday, some 3,000,000 voters will reveal what they think about the candidates who have been wooing them with promises, charges, warnings and counter-charges.

Central attention naturally has gone to the presidential race in which Texan Lyndon B. Johnson has been fending off attacks from Arizona Sen. Barry Goldwater.

But the U. S. Senate race in which Republican George Bush of Houston is trying to oust Sen. Ralph Yarborough has gained much attention.

The two presidential candidates have made strong endorsements in the Senate race. Johnson has urged Yarborough's election and Goldwater has urged Texans to support Bush.

**SALT WATER** — Trial is scheduled to begin on November 2 in a lawsuit brought by Superior Oil Co. to determine whether the Railroad Commission or the Water Pollution Control Board has jurisdiction over the disposal of salt water produced with oil and gas.

But the lawyer for both state agencies, Atty. Gen. Waggoner Carr, has stepped out of the case. Carr said there appears to be a "conflict of interest" between the two state agencies, so he advised them to use their own staff lawyers if they want to be represented in the trial.

Attorney General's Department will take part in the trial only to see that all evidence is fully developed.

In an informal opinion, First Asst. Atty. Gen. Hawthorne Phillips wrote that the Water Pollution Control Board does not have the authority to require oil operators to get permits for use of open salt-water disposal pits.

A special study committee of the House of Representatives will meet on October 30 to decide whether to recommend legislation. Bills giving control of pits to the Board, the Commission, and to both, will be proposed to the committee.

**RETAIL SALES** — September retail sales were less than one per cent below

THE HAMLIN HERALD  
Hamlin, Texas Thursday, October 29, 1964

PAGE SEVEN

those of August, when normal, seasonal variation is considered. So reports the UT Bureau of Business Research.

But the dramatic increase was the one of 14 per cent in dollar sales volume over September, 1963, and a 32 per cent increase in auto sales. For the year, sales are up 6 per cent over the same portion of 1963, showing that the upward trend in business conditions is continuing steady.

**COURT SPEAKS** — Effect of a U. S. Supreme Court decision concerning admissibility of confessions as evidence was debated before the Court of Criminal Appeals in San Antonio and Houston cases.

Bexar County Dist. Atty. James E. Barlow said the high court's finding may have upset all guidelines of Texas courts on proper methods of introducing confessions. Supreme Court said persons other than the convicting jury should make a finding of facts as to whether a confession is voluntary or not and whether it is admissible.

State Supreme Court upheld rulings favoring the City of Temple in a suit brought by a former fire alarm operator who charged he was fired without sufficient reason or due notice.

53rd District Judge Herman Jones is due to make a decision on the City of Big Spring's suit against the Board for State Hospitals and Special Schools. In 1937, when the city was competing for the state hospital now located in Big Spring, it contracted to furnish water for the hospital at 10 cents per 1,000 gallons.

A few years ago, the city decided the arrangement was untenable since it costs 32 cents per 1,000 gallons to provide the water that earns 10 cents per 1,000 gallons. But State attorney generals have ruled that the Board cannot re-negotiate on the "perpetual contract."

State Supreme Court refused to review a blind widow's appeal to take over her late husband's vending stand in Dallas. Texas Commission for Blind assigned the stand to another.

State Supreme Court also rejected annexation by city of Irving of land in two Dallas County levee improvement districts and left in effect a ruling by the Court of Civil Appeals that Bexar County commissioners were not obligated to call an election on proposals of a county home rule charter drafting body.

**ATTORNEY GENERAL'S OPINIONS** — A county hospital district formed under a new law has the same responsibility for care of indigents as is imposed on commissioners courts, Attorney General Carr told Ochiltree County Atty. G. R. Close.

In other new opinions, Carr informed Dist. Atty. Charles Allen of Marshall that petitions for a local option liquor election did not meet requirements because of discrepancy in wording.

He also held that the State Board of Hairdressers and Cosmetologists cannot require financial statements as a prerequisite for a license.

**CORPUS CHRISTI FIRST** — Corpus Christi became the first metropolitan area in the nation to complete a comprehensive transportation plan in compliance with the Federal Aid Highway Act of 1962.

Study was conducted by Texas Highway Department in cooperation with the City of Corpus Christi, Nueces County, and the Bureau of Public Roads. It pinpoints present and foreseeable traffic problems in the area and provides a basis for development of highway routes, city streets and county roads serving the Gulf coast city over the next 20 years. Nineteen sim-

ilar plans are due to be developed in 22 Texas urban areas over 50,000 population this year.

**COKE COUNTY DAM HEARING PUT OFF** — Hearing was postponed until December 14 by the Texas Water Commission on the application of the Colorado River Municipal Water District (Big Spring) to relocate a dam in Coke County and increase reservoir capacity to 488,760 acre feet.

Lower Colorado River Authority, fighting the application, requested the delay.

**CROPS PROGRESS** — Clear, open weather helped move along the harvest in the cotton farming region of the blacklands of Texas, the U. S. Department of Agriculture reports.

USDA says clear weather aided farmers to push sorghum combining and the planting of small grain. Lack of top-soil moisture slowed growth of grass and some grains, but ranges and pastures remain in good condition over most of Texas.

**WORKMEN'S COMP RATES UP** — After a public hearing, workmen's compensation rates probably will go up an average of 2.3 per cent, effective December 1, says the State Board of Insurance.

Indicated changes by groups are: manufacturing, up 4.4 per cent; contracting, up 3.8; oil, down 0.9; all other, up 1.4.

**WATER STORAGE INCREASES** — Texas Water Commission reports that the month of September brought better than normal rainfall in most areas. Construction storage in major reservoirs increased 2,300,000 acre feet, to 8,500,000 acre feet. Storage at the end of September was 71 per cent of potential capacity.

Seventeen of the 18 stations over Texas reported above average rain. Weather Bureau station at Brownsville was the lone exception. There, near normal fall was recorded.

**SHELL DISPUTE** — Parks and Wildlife Commission has not decided yet whether to call a public hearing on the application of a Corpus Christi construction firm to dredge oyster shell from Copano Bay.

**MENTAL HEALTH** — A mental health plan, drafted by 110-member committee appointed by Gov. John Connally is of vital importance to every Texan. So says Committee Chairman Judge C. L. Abernathy of Plainview.

Reason is that every person — Texan or not — has, at one time or another, been a "troubled person." Committee defines "troubled" as anything from a transient inability to make a necessary decision to a severe psychosis.

One segment of the committee is called the "Service to Troubled People" task force. It has written recommendations for state and community services to troubled people. All recommendations by all committees will be in the spotlight as suggested legislation during the 1965 Legislature.

Committee reports that there is an endless supply of services to meet some fragment of the needs of the troubled. These include pastoral counselors, medical doctors, social workers, and psychologists. Some community information centers must be set up so troubled people can find out where to go for the help they need WHEN they need it.

**WELLS IN CREEK BED** — W. F. Company, Limited, a Monahans oil and gas firm, gained permission from the Texas Water Commission to divert 800 acre feet of water each year from Beals Creek by

## Calvin Dickerson Attends Meeting

Calvin Dickerson, 112 South Central, was numbered among Compton's Picture Encyclopedia 3,000 Mobil dealers, wives and oil company marketers attending the 1964 Mobil Dealer Convention in Las Vegas, Oct. 21-22.

The 8th annual conclave of the petroleum retailers and representatives from 34 states. Similar conventions were held in New York and Indiana.

Baxter F. Ball, vice president of marketing for Mobil Oil Company and Mobil dealer James Ballard of Fullerton, California, made keynote speeches.

The tarantula looks ferocious, but actually it is secretive and retiring, hunting by night and hiding by day. According to Compton's Picture Encyclopedia, the poisonous bite of the American tarantula is fatal only to insects. It may bite human beings in self-defense, but the small wound heals quickly if it is properly treated to avoid infection.

The Alamo Cenotaph located in front of the Alamo, was erected in 1939 by the U. S. Texas Centennial Commission.

For a child or an adult to achieve properly and efficiently they must have good vision. Only a vision specialist giving a thorough examination can determine your visual needs. A thorough examination takes time.

When the house is closed up... and the kitchen's soot free

Flameless Electric Cooking is all it could be

During the winter months when the house is closed up, a flameless electric range is almost a necessity. Only an electric range can prevent the ugly, oily film on windows, walls, cabinets...everything in the kitchen and adjacent rooms, because there's no combustion. Since heat is delivered directly by metal-to-metal contact with the bottom of the utensils, you don't have to clean soot from pots and pans. There's no doubt about it...electric cooking is clean, accurate, fast, and by putting the heat into the food, not into the air...you don't have to pay for dissipated heat.

Visit an electric appliance dealer soon and bring home an electric range so you, too, can have a bright and shiny kitchen.

Free WIRING — An extra for WTU customers. If you are a customer of WTU and purchase your flameless electric range from a local appliance dealer, WTU will install the wiring at no charge to you.

for FRIGIDAIRE Electric appliances visit WTU

# Pipers Come From Behind in Last Moments to Edge Haskell, 13-7

The Pipers came from behind Friday night to hand the Haskell Indians their third conference defeat, 13-7. The Pipers stayed in scoring territory all evening but could not seem to get the ball across the double stripes for the go-ahead score until the waning moments of the game. The defense comple-

ly dominated the Indian offense with the exception of one pass play that almost spelled victory for the Indians. The Pipers scored both of their scores on their winning combination of Halfback Robert Pearce to End Mike Shivers. Ironically enough, it was this same type of pass play by Has-

kell that almost spelled doom for the Pipers as they scored in the last seconds of the first half to take the lead in the game. The Pipers moved into scoring position seven times during the game but could only score on two of these, both in the second half. The Pipers owned the

ball inside the Indian 20 yard line three times in the first half but failed to score on each of them. They gave up the ball on downs once and fumbled twice. Two big breaks set up both

of the Piper touchdowns as Haskell fumbled a punt to set up the first score and then handled a blocked field goal and walked away from it to let the pipers cover it on the Indi-

an 21. Pearce was the top ground gainer for the night with 31 carries for a net of 83 yards. His net would have been higher except that he lost 27 yards in two plays trying to pass. Fullback Johnny Overman carried 7 times for 27 yards and fullback Rupert Compton carri-

ed 5 for 19. Top carrier for Haskell was fullback James Ivy with 12 carries for 39 yards. In the passing department Pearce passed 9 times, completed 4 for 94 yards. Quarterback Tommy Ferguson completed 3 of 9 for 39 yards and Overman hit 1 of 1 for 11 yards. James Ledbetter took the op-

ening kick off and returned it 20 yards to his 36 from where Hamlin opened its first unsuccessful scoring drive. With the exception of a 28 yard pass from Pearce to Ferguson, the Pipers stayed on the ground to move the ball down to the Indian 18. At this point the Pi-

HAMLIN, TEXAS

## HASKELL-

Continued from page one

per's drive fizzled out as Pearce was set back one, Ferguson back three, and facing third down and needing 11, Pearce was able to get only two yards. On fourth down Ferguson's pass fell incomplete and the Indians took over.

The Indians moved out to their own 49 before they were forced to punt with Hamlin taking over on their 18. Hamlin made their way to midfield, but drew a 15 yard penalty and Pearce was thrown for a 14 yard loss trying to pass. Compton punted from his 21 with Haskell putting the ball in play on Hamlin's 46.

The Pipers started moving again with Pearce eating up yardage on the ground and Ferguson passing to Shivers for 14 the Pipers owned a first down on the Indian 14. But misfortune struck again as Overman was jarred loose from the ball and the Indians took over on their own seven yard line.

After three downs the Indians punted again with the Pipers putting the ball in play on the Indian 41. Pearce passed to Ferguson for 13 and then carried twice for 10 for a first down at the 18. Misfortune again struck as Pearce fumbled with Haskell recovering on their 15.

The Piper defense held the Indians again and they punted from their own 13 with the Pipers taking over on their 45. Ferguson's pass was intercepted by Ivy and returned to the Hamlin 29. On first down half-back Gary Conner threw to end Gail Crouch who was standing alone in the end zone to put the Indians out in front with only seconds left in the half. Guard Bill Perry kicked what looked for a time to be the all important extra point to give the Indians a 7-0 lead.

The Indians put the ball in play on their own 33 following the second half kick off and picked up a first down at the 44 before punting from the 49 four plays later.

The Pipers moved from their 15 out to the 30 before Compton got off a 38 yard punt that Bobby Watson fumbled when

### STORY IN FIGURES

he tried to field it with the Pipers recovering on the Indian 43. Pearce carried 16 yards for a first down on the 27 from where Ferguson tried a pass and then Pearce hit Shivers in the end zone for the score. Pearce's point after try failed and the Pipers trailed 7-6.

A 15 yard penalty killed the next Piper drive and they punted from their own 38 and recovered the ball on the Indian 35 as Watson fumbled again when he tried to fildthepunt. But this time the Pipers had three incomplete passes and a fourth down loss of 13 yards trying to pass.

Haskell failed to make a first down and punted with Hamlin taking over on their 22. Aided by a 37 yard pass interference penalty the Pipers moved down to the Indian 17, but again the Indian's stopped them as two plays netted no yards and Pearce tried a field goal that would have been an 18 yarder had it been good.

Taking over on the 20 the Indians could not move the ball and tried to punt from their 25 only to have the ball go over the punter's head and the Pipers took over on the four yard line.

But three plays later the Pipers were back on the six and Pearce tried another field goal. This time the Indians blocked it and then started to run with the ball but changed their mind and the Pipers covered it to take possession on the 21. Pearce was held for no gain, Ferguson's pass was incomplete, and Hamlin drew a five yard penalty. Pearce's pass was incomplete, and then on fourth down he connected with Shivers in the end zone for the winning touch down. Pearce kicked the point after and Hamlin went ahead 13-7.

Sometimes the desire to run out the door and chuck it all is overpowering when we are confronted with the mess of an after-dinner table!

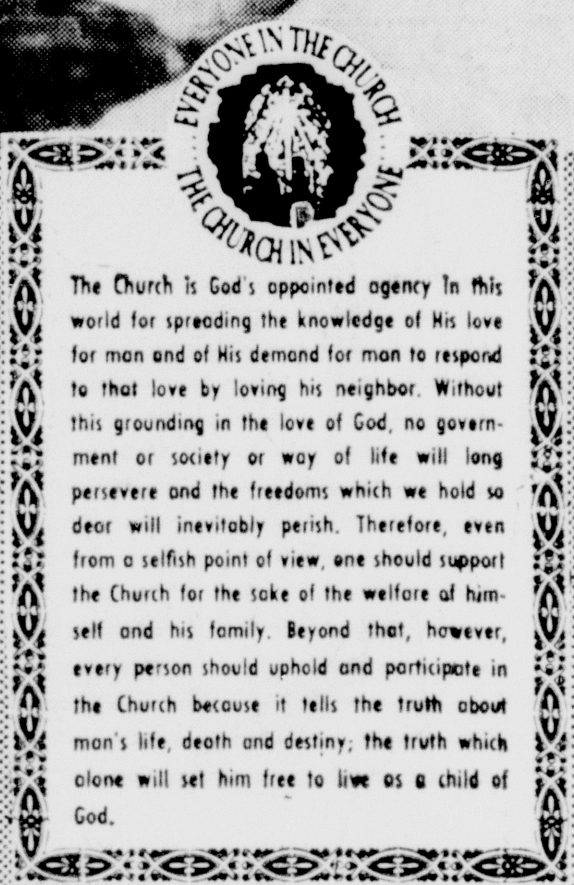

Sometimes, insight lets us see that our lives are quite a mess too. In fact, things seem such a jumble, that our reaction to this truth, if acknowledged, is, "What's the use?"

Well, of course, the only thing to do with the dishes is to take them to the sink, put them in hot water, and wash them with a good cleansing agent until they shine.

Less obvious, perhaps, is what to do with a messed-up life. We invite you to seek an answer in church this week. You are sure to find there the Power who will help you with your problems, a power who cares immeasurably for your soul.

"Casting all your care upon him, for he careth for you." I Peter 5:7

"And the crooked shall be made straight, and the rough places plain." Isaiah 40:4b.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

### ADVERTISEMENT FOR BIDS ON J. M. STUBBS FARM LAND

SEALED WRITTEN BIDS addressed to J. C. Turner, Independent Executor, Box 215, Hamlin, Texas, will be accepted for the purchase of the following described property in Jones County, Texas, commonly known as the J. M. Stubbs Farm and described as follows:

TRACT NO. ONE: 110.2 out of Section No. 155, BBB&C Ry. Co. land in Jones County, Texas, as described in deed from L. E. Littleton, et ux to J. M. Stubbs dated April 20th, 1938 and recorded in volume 221 on page 600 of the Deed Records of Jones County, Texas. No improvements located upon this tract.

TRACT NO. TWO: 163.8 acres out of Section No. 156, BBB&C Ry. Co. land in Jones County, Texas, as described in deed from L. T. Malone, et ux to J. M. Stubbs dated December 9th, 1924 recorded in volume 131 on page 54 of the Deed Records of Jones County, Texas. Dwelling and Barns located upon this tract.

Bids will be accepted on either Tract One or Tract Two, above, as a single purchase unit or jointly upon both Tract One and Tract Two, above. The Stubbs Estate is vested with full and complete ownership of all the surface estate and mineral estate of the hereinabove described tracts of land and the entire surface and mineral estate of both tracts are to be sold FOR ALL CASH AND NO CREDIT WILL BE EXTENDED. None of the furniture or fixtures located in the dwelling located upon the said tract two (2) above will be sold under this bid advertisement. The undersigned executor will work with any purchaser which the executor elects to sell the property to in assisting said selected purchaser to obtain a loan upon said property to pay the cash price to the said undersigned executor.

The undersigned executor agrees to furnish complete abstract to said property and agrees to waive informalities and title to said property, which shall be conveyed free and clear of any and all encumbrances.

All crop allotments assigned unto said land must be checked by bidder at the Agricultural Stabilization & Conservation Office, Anson, Texas.

J. C. Turner, Independent Executor, RESERVES the right to REJECT any and all bids and to waive informalities and further reserves the right to negotiate with any bidder.

NOTWITHSTANDING any provision to the contrary herein, it is expressly stated that this advertisement for bids will not be considered an offer to sell the above described property to any bidder but only a privilege granted to any bidder who may desire to submit a written bid for the purchase of the above described property. Any sale of said property shall be under proper escrow contract agreement expressly agreed to with the buyer and the undersigned executor. This privilege is given due to the great interest shown in the community to purchase the above described property, and the undersigned executor will sell the above described property.

SUBJECT to the right reserved to reject any bid, at anytime, such bids will be accepted until December 1st, 1964; provided that the undersigned executor reserves the right to stop accepting bids at any date before the termination of the heretofore shown date.

No bid will be returned and no verbal bid will be accepted.

J. C. TURNER

J. C. Turner, Independent Executor,  
Box 215, Hamlin, Texas
